Specification Summary

Brand	Lowe & Fletcher
Product type	Snap Fix

Product Description

The Lowe & Fletcher 1439 Snap Fit Camlock is a highly versatile and easy-to-install locking solution designed for a wide range of applications, including cupboards, cabinets, and office furniture. Featuring a convenient snap-fit fixing system, this camlock can be securely installed without the need for additional screws or threaded nuts, making it ideal for quick and efficient assembly.

With a square head design and a bright chrome finish, this lock offers a neat, professional appearance. It operates with a 180-degree anti-clockwise movement, ensuring the 51mm cam fully clears the locking point for smooth, reliable operation.

This camlock is available in multiple configurations to suit your security requirements. You can choose between Keyed to Differ or Master Keyed options, which feature different manufacturer references, weights, and barcodes. Please select your preferred keying type, manufacturer reference, weight, and barcode from the options below.

Brand Profile

Lowe & Fletcher

Lowe & Fletcher is a long-established British manufacturer of **locking systems for industry**, best known for high-volume, application-specific locks like **camlocks, quarter-turns, compression locks, and electronic/keypad solutions** used on things like **enclosures, cabinets, lockers, post/parcel units, and industrial equipment**. They're a **sixth-generation, family-owned** business with roots going back to **1889**, when **John Lowe and Thomas Fletcher** founded a lockmaking firm in **Willenhall** in the Black Country—one of the historic heartlands of UK lockmaking.

Today, Lowe & Fletcher forms part of the **Lowe & Fletcher Group**, which describes two main divisions: **Locking Systems** (industrial/OEM locks) and **Fire Safety** (smoke and fire containment systems).

Operationally, their Locking Systems division includes UK operations based around the West Midlands (e.g., **Wednesbury, WS10 7DE**) and they state they have multiple operational sites across Europe and the US to serve local and specialist markets.

On the product side, their camlock range alone spans **mini camlocks, standard camlocks, slamlocks, and IP-rated water-resistant variants** (with application-driven options like tool/coin operation and different cam geometries).
