Specification Summary

Brand	Lathams Steel Doors
Product type	Bullet

Product Description

The Latham's Aluminium Welding Bullet Hinge with Grease Function is designed for robust and reliable performance across a variety of fabrication and metalworking applications. Manufactured from high-quality aluminium, these weld-on bullet hinges are highly corrosion-resistant, making them ideal for both indoor and outdoor environments. Each hinge features an integrated grease function that allows for effortless maintenance and ongoing lubrication of the internal pin, ensuring smooth, squeak-free operation over its lifespan.

These versatile hinges are available in a range of sizes to suit your specific project needs. The smaller sizes are perfect for lightweight gates and enclosures, while the larger sizes are engineered to handle demanding industrial projects. Please select your required diameter, length, and weight from the options below.

Technical Specifications

- **Material:** Aluminium
- **Pin Material:** Grade 304 Stainless Steel
- **Washer Material:** Stainless Steel

- **Diameter:** 10mm, 13mm, or 16mm (please select from the options below)
- **Length:** 60mm, 80mm, 10cm, or 12cm (please select from the options below)
- **Weight:** Ranges from 18g to 85g (please select from the options below)
- **Pack Quantity:** 1
- **Packaging:** Loose

Key Features

- **Integrated Grease Function:** Allows for easy maintenance and direct lubrication of the hinge pin to ensure long-term smooth operation
- **Corrosion Resistant:** Durable aluminium construction paired with a stainless steel pin and washer provides excellent resistance to the elements
- **High-Quality Components:** Supplied complete with a strong Grade 304 stainless steel pin and matching stainless steel washer
- **Versatile Application Range:** Suitable for everything from small, lightweight domestic fabrications to heavy-duty industrial welding projects
- **Weld-On Installation:** Designed for secure, permanent welding onto aluminium frames and gates

Brand Profile

Lathams Steel Doors

Latham's Steel Doors (trading as **Latham's Steel Security Doorsets**) is a **family-owned UK supplier of steel security and fire-rated doors**, known for keeping a **large stock range** ready for fast dispatch and for offering **customisable steel personnel doors** for residential, commercial, and industrial use. The business is based in **Oldbury, West Midlands**, and was **established in 2011.**

They position themselves as the **UK's leading supplier of steel security doors** and emphasise being able to supply **security-rated** and **fire-rated steel doors** *from stock*, with options like different colours, glazing, louvres and access devices.

On the product identity side, Latham's is closely associated with steel "site/industrial" door setups and their branded **HOOPLY™ 19-point locking system** on key door lines (plus stocked fire exit doors often supplied pre-fitted with recognised panic/exit hardware).

They've also been publicly listed as joining/participating in the **Secured by Design** ecosystem for certified security-rated doors (useful if you're writing spec-facing copy).
