Product Description

The Latham's Marine Grade Stainless Steel Bullet Hinge is a high-performance, weld-on hinge engineered to withstand the most demanding environments. Manufactured from premium marine-grade 316 stainless steel, this lift-off bullet hinge offers exceptional corrosion resistance. This makes it the ideal choice for coastal installations, marine vessels, offshore applications, and clinical or medical-grade environments where hygiene and durability are paramount.

Each hinge is supplied complete with a matching stainless steel pin and washer to ensure smooth, low-friction operation and long-lasting reliability.

These versatile bullet hinges are available in a range of sizes to suit your specific project requirements. Please choose your preferred diameter, length, and weight option from the selection below.

Brand Profile

Lathams Steel Doors

Latham’s Steel Doors (trading as **Latham’s Steel Security Doorsets**) is a **family-owned UK supplier of steel security and fire-rated doors**, known for keeping a **large stock range** ready for fast dispatch and for offering **customisable steel personnel doors** for residential, commercial, and industrial use. The business is based in **Oldbury, West Midlands**, and was **established in 2011.**

They position themselves as the **UK’s leading supplier of steel security doors** and emphasise being able to supply **security-rated** and **fire-rated steel doors** *from stock*, with options like different colours, glazing, louvres and access devices.

On the product identity side, Latham’s is closely associated with steel “site/industrial” door setups and their branded **HOOPLY™ 19-point locking system** on key door lines (plus stocked fire exit doors often supplied pre-fitted with recognised panic/exit hardware).

They’ve also been publicly listed as joining/participating in the **Secured by Design** ecosystem for certified security-rated doors (useful if you’re writing spec-facing copy).
