Product Description

The LCN 1460T is a high-quality, reliable track arm door closer designed specifically for interior fire and smoke barrier doors. Engineered for durability and performance, it has been tested to 500,000 cycles of operation and is CE marked, meeting BS EN 1154 and BS EN 1634 standards. This makes it fully certified for FD120 timber applications, providing up to 2 hours of fire protection.

With its modern, slimline profile and powder-coated silver finish, the 1460T is an excellent choice for commercial, residential, and institutional settings where aesthetics and safety are paramount. It is suitable for internal doors up to 1220mm in width and features adjustable closing and latching speeds, as well as an adjustable hydraulic backcheck that cushions the opening swing before 90 degrees to prevent door and wall damage.

The unit is supplied complete with a plastic cover, track arm, and all necessary fixings for a straightforward installation.

Technical Specifications

- **Standards:** BS EN 1154, BS EN 1634
- **Fire Rating:** FD120 (2 hours on timber doors)
- **Maximum Door Width:** 1220mm

- **Operating Temperature:** -15°C to 40°C
