Specification Summary

Brand	Legge
Product type	Tubular

Product Description

The Legge 3721 and 3722 Mortice Tubular Latches are high-quality, reliable latches designed for use on internal timber doors. They are specifically suited for doors fitted with sprung lever handles, allowing the door to be kept closed and easily opened from either side.

These latches are fully reversible, making them suitable for both left and right-hand opening doors. They are available in two case sizes (64mm or 79mm) with corresponding backsets (44mm or 60mm), and come in a choice of three finishes: Electro Brass, Polished Brass, or Nickel Plated. Please select your required size and finish from the options below.

Each latch is supplied complete with a matching strike plate and features countersunk screw holes for a neat, flush installation.

Brand Profile

Legge

Legge is a heritage **British lock and latch brand** with roots in **Willenhall** (the UK's traditional lockmaking hub). Allegion UK traces the brand's history back to **1881**, and Legge is still best known for dependable "everyday" **mortice locks, sashlocks, latches, nightlatches, and bathroom locks**—the kind of core door hardware that shows up everywhere from period homes to general commercial fit-outs.

Today, **Legge is part of Allegion**, sitting alongside other door-hardware brands in the group's portfolio. Allegion positions Legge as a premium, durable hardware line for **commercial and institutional** use, while in the UK it's particularly associated with **residential-style lockcases and latches** sold through trade and ironmongery channels.

On the compliance side, Legge ranges include **British Standard** options such as **BS 3621** 5-lever mortice deadlocks (often used for insurance-friendly front door security), with product pages calling out attack resistance features and UKCA/ratings where applicable.
