Specification Summary

Brand	Lince
Product type	Open Shackle

Product Description

The LINCE Nautic Brass Body Corrosion Resistant Open Shackle Padlock is specifically engineered to withstand the harshest outdoor and marine environments. Featuring a solid brass body with a highly weather-resistant coating, this padlock has been salt spray tested for an impressive 3,000 hours to ensure exceptional corrosion resistance.

To guarantee long-term reliability in coastal or wet conditions, it is built with a stainless steel double-locking shackle and rustproof stainless steel internal components. This padlock meets the stringent requirements of BS EN 12320 and is CE marked to security grade 2, offering a dependable level of security. It is supplied keyed to differ and

comes complete with two keys.

This padlock is available in multiple sizes to suit various applications. Please choose from the available options below to select your preferred body width, depth, height, shackle diameter, vertical clearance, and weight.

Technical Specifications

- **Body Width:** 30mm to 55mm (please choose from the options below)
- **Body Height:** 31.5mm to 39mm (please choose from the options below)
- **Body Depth:** 12.5mm to 17mm (please choose from the options below)
- **Shackle Diameter:** 5mm to 9mm (please choose from the options below)
- **Vertical Clearance:** 16mm to 28mm (please choose from the options below)
- **Weight:** 151g to 315g (please choose from the options below)
- **Material:** Solid brass body with weather-resistant coating
- **Shackle Material:** Stainless steel
- **Internal Components:** Stainless steel
- **Keying:** Keyed to differ
- **Keys Supplied:** 2
- **Standards:** BS EN 12320:2001, CE Marked (Grade 2)
- **Manufacturer Reference:** 550-30 to 550-55 (please choose from the options below)

Key Features

- **Outstanding Weather Resistance:** Salt spray tested for up to 3,000 hours to ensure exceptional corrosion resistance in harsh marine and outdoor environments.
- **Durable Brass Body:** Solid brass construction with a highly weather-resistant protective coating.
- **Rustproof Internals:** Stainless steel shackle and internal components prevent rust and ensure smooth operation.
- **Double Locking Shackle:** Provides increased resistance against pulling and twisting attacks.
- **Certified Security:** Meets the requirements of BS EN 12320 and is CE marked to security grade 2.
- **Supplied with Keys:** Comes complete with 2 keys, keyed to differ.
