Specification Summary

Brand	Locinox
Product type	Gate Locks

Product Description

The Locinox 3006HOLD-PAD is a stylish, rounded-corner gate handle set designed to offer flexible access control for your gates. Featuring a sleek black finish, this high-quality handle set allows you to choose between two distinct operational configurations to suit your security needs: either one side rotatable with one side fixed, or both sides fixed.

Engineered for durability and ease of installation, the set is compatible with a range of Locinox insert locks, including the Fortylock, Fiftylock, Sixtylock, and Eightylock. It features standard 92mm centres and is supplied with mounting bolts suitable for gate profiles ranging from 37mm to 65mm. Please note that this handle set is designed for use with a Euro cylinder, which is not included and must be purchased separately.

Technical Specifications

- **Centres:** 92mm
- **Spindle:** 8mm
- **Finish:** Black
- **Gate Profile Compatibility:** 37mm to 65mm (mounting bolts included)

Brand Profile

Locinox

Locinox is a Belgium-based specialist manufacturer of **gate and fence hardware**, best known in the trade for installer-friendly, high-durability components like **gate locks, hinges, gate closers, latches**, and **electro-mechanical access control** parts designed specifically for outdoor, weather-exposed gates. Their whole pitch is “make the gate hardware the least annoying part of the job,” with products engineered for fast fitting, consistent adjustment, and long service life.

The company is headquartered in **Waregem, Belgium**, and traces its origins to **1988** (often described as “over 30 years” in gate tech). Locinox supplies into **70+ countries**, positioning itself as a trendsetter in the fencing/gate world rather than a generic ironmongery line.
