Specification Summary

Brand	Locinox
Product type	Gate Locks

Product Description

The LOCINOX Free Vinci Surface Mounted Mechanical Digital Code Gate Lock is a highly secure, robust, and weather-resistant locking solution designed specifically for swing gates. Featuring a fully mechanical code panel on one side and a free exit handle on the other, it provides a perfect balance of controlled entry and unrestricted exit without requiring any batteries or electrical wiring.

Built for the harshest outdoor environments, this lock features a heavy-duty stainless steel mechanism housed in an aluminium casing. The lock box is protected by an ISO 9227 KTL / E-coating that has been tested to withstand 1,000 hours of salt spray, while a polyamide rain and dust cover keeps the keypad clean and operational.

Installation is fast and straightforward, with a reversible design that accommodates both left-handed and right-handed gates. It is also fully interchangeable with standard Locinox locks, making it an ideal upgrade. This lock is available in multiple finishes and manufacturer references; please select your preferred option from the choices below.

Technical Specifications

- **Brand:** Locinox
- **Mechanism:** Mechanical Digital
- **Buttons:** 11
- **Door Thickness Compatibility:** 40mm to 60mm
- **Adjustability:** 20mm continuous bolt adjustment
- **Dimensions:** 95mm (W) x 31mm (D)
- **Weight:** 1.94kg
- **Handing:** Non-handed (reversible)
- **Finishes:** Available in Black or Silver (please choose from the options below)
- **Manufacturer References:** 606219 or 606220 (please choose from the options below)
- **Barcodes:** 5056240112572 or 5414768070444 (please choose from the options below)
- **Guarantee:** 3 Years

Key Features

- **Secured Entrance & Free Exit:** Features a mechanical code panel on the entry side and free exit on the opposite side.
- **100% Mechanical Operation:** No batteries, wiring, or electricity required for operation.
- **Superior Weather Resistance:** ISO 9227 KTL / E-coated lock box withstands 1,000 hours of salt spray testing.
- **Robust Construction:** Solid stainless steel mechanism with a durable aluminium housing and polyamide rain/dust cover.
- **Easy Code Management:** Fast and simple setup and modification of the access codes.
- **Automatic Code Reset:** The code automatically resets after the handle is pressed, preventing unauthorized access.
- **Reversible Design:** Fully reversible to suit both left-handed and right-handed gate applications.
- **Interchangeable:** Shares the same drilling pattern as standard Locinox locks for easy upgrades.

Brand Profile

Locinox

Locinox is a Belgium-based specialist manufacturer of **gate and fence hardware**, best known in the trade for installer-friendly, high-durability components like **gate locks, hinges, gate closers, latches**, and **electro-mechanical access control** parts designed specifically for outdoor, weather-exposed gates. Their whole pitch is “make the gate hardware the least annoying part of the job,” with products engineered for fast fitting, consistent adjustment, and long service life.

The company is headquartered in **Waregem, Belgium**, and traces its origins to **1988** (often described as “over 30 years” in gate tech). Locinox supplies into **70+ countries**, positioning itself as a trendsetter in the fencing/gate world rather than a generic ironmongery line.
