Specification Summary

Brand	Locinox
Product type	Gate Locks

Product Description

The Locinox Fiftylock Gate Kit is a comprehensive, high-security insert lock set designed specifically for 50mm box section gates. Suitable for metal, aluminium, and PVC gates, this complete kit provides everything required for a robust and professional installation. It includes a high-quality insert mortice lock, a Euro profile cylinder with three keys, a surface-mounted SFKO keep, and matching handles and escutcheons in a stylish Satin Anodised Aluminium (SAA) finish.

At the core of this set is a 100% stainless steel lock mechanism featuring an adjustable self-latching day bolt and a secure hook. When paired with the included SFKO keep, the hook guarantees a solid closure that prevents gate wings from being forced apart or pried open. The latch bolt offers up to 10mm of continuous adjustment without needing to dismantle the lock, and it can be easily reversed to suit both left- and right-handed gates.

Installation is exceptionally fast and secure thanks to the innovative Quick-Fix mounting system. Additionally, this premium gate lock set is Secured by Design certified, offering peace of mind and proven security for residential or commercial perimeter gates.

Technical Specifications

- **Backset:** 30mm
- **Case Depth:** 47mm
- **Case Width:** 21mm
- **Faceplate Dimensions:** 220mm (H) x 28mm (W)

Brand Profile

Locinox

Locinox is a Belgium-based specialist manufacturer of **gate and fence hardware**, best known in the trade for installer-friendly, high-durability components like **gate locks, hinges, gate closers, latches**, and **electro-mechanical access control** parts designed specifically for outdoor, weather-exposed gates. Their whole pitch is "make the gate hardware the least annoying part of the job," with products engineered for fast fitting, consistent adjustment, and long service life.

The company is headquartered in **Waregem, Belgium**, and traces its origins to **1988** (often described as "over 30 years" in gate tech). Locinox supplies into **70+ countries**, positioning itself as a trendsetter in the fencing/gate world rather than a generic ironmongery line.
