Specification Summary

Brand	Locinox
Product type	Gate Locks

Product Description

The Locinox Fortylock gate kit is a complete insert mortice lock set designed specifically for 40mm box section metal, aluminium, or PVC gates. This comprehensive set includes an insert mortice lock, a 54mm Euro profile cylinder, a surface-mounted SFKO keep, tubular-style anodised aluminium handles in a sleek black finish, and matching escutcheons.

Engineered for durability and security, the mortice lock features a 100% stainless steel mechanism, including an adjustable self-latching day bolt and a hook. When combined with the included SFKO keep, it provides a solid and secure closure that prevents the gate wings from being forced or pulled apart. The day bolt offers up to 10mm of continuous adjustment without needing to dismount the lock, and it can be easily reversed for left- or right-handed gates.

Installation is fast and secure thanks to the innovative Quick-Fix system, ensuring a strong fixation on the gate. This kit is also Secured by Design certified, offering peace of mind for residential and commercial gate security.

Technical Specifications

- **Backset:** 20mm
- **Bolt Throw:** 21mm
- **Case Depth:** 37mm
- **Case Width:** 21mm
- **Faceplate Height:** 220mm
- **Faceplate Width:** 28mm

Brand Profile

Locinox

Locinox is a Belgium-based specialist manufacturer of **gate and fence hardware**, best known in the trade for installer-friendly, high-durability components like **gate locks, hinges, gate closers, latches**, and **electro-mechanical access control** parts designed specifically for outdoor, weather-exposed gates. Their whole pitch is "make the gate hardware the least annoying part of the job," with products engineered for fast fitting, consistent adjustment, and long service life.

The company is headquartered in **Waregem, Belgium**, and traces its origins to **1988** (often described as "over 30 years" in gate tech). Locinox supplies into **70+ countries**, positioning itself as a trendsetter in the fencing/gate world rather than a generic ironmongery line.
