Specification Summary

Brand	Locinox
Product type	Gate Locks

Product Description

The Locinox Fortylock Insert Gate Lock Set is a premium, all-in-one locking solution designed specifically for 40mm box section metal, aluminium, or PVC gates. This comprehensive kit includes a high-quality insert mortice lock, a Europrofile cylinder, a surface-mounted SFKO keep, and matching handles and escutcheons in a stylish Satin Anodised Aluminium (SAA) finish.

Built to withstand outdoor environments, the lock features a 100% stainless steel mechanism, an adjustable self-latching day bolt, and a secure deadlocking hook. The 21mm hook throw ensures a robust and solid closure, preventing the gate from being forced or pulled apart. Installation is exceptionally fast and secure thanks to the patented Quick-Fix system, and the latch bolt can be easily reversed for left- or right-handed gates, with up to 10mm of continuous adjustment for a perfect fit.

Technical Specifications

- **Backset:** 20mm
- **Bolt Throw:** 21mm
- **Case Depth:** 37mm
- **Case Width:** 21mm
- **Faceplate Height:** 220mm

Brand Profile

Locinox

Locinox is a Belgium-based specialist manufacturer of **gate and fence hardware**, best known in the trade for installer-friendly, high-durability components like **gate locks, hinges, gate closers, latches**, and **electro-mechanical access control** parts designed specifically for outdoor, weather-exposed gates. Their whole pitch is "make the gate hardware the least annoying part of the job," with products engineered for fast fitting, consistent adjustment, and long service life.

The company is headquartered in **Waregem, Belgium**, and traces its origins to **1988** (often described as "over 30 years" in gate tech). Locinox supplies into **70+ countries**, positioning itself as a trendsetter in the fencing/gate world rather than a generic ironmongery line.
