Specification Summary

Brand	Locinox
Product type	Gate Locks

Product Description

The Locinox Sixtylock gate kit is a complete, high-quality locking solution designed specifically for 60mm box section metal, aluminium, or PVC gates. This comprehensive set includes an insert mortice lock, a Europrofile cylinder with three keys, a surface-mounted SFKO keep, a pair of anodised aluminium handles in a satin finish (SAA), and matching escutcheons.

The mortice lock features a 100% stainless steel mechanism, including an adjustable self-latching day bolt and a secure hook. When paired with the included SFKO keep, it provides a robust and reliable closure that prevents gate wings from being forced or pried apart. Designed for fast and straightforward installation, the lock features Locinox's innovative Quick-Fix system, allowing for rapid and secure mounting on the gate profile.

The self-latching day bolt can be easily reversed for left- or right-handed gates and offers up to 10mm of continuous adjustment without dismantling the lock box. This makes it an incredibly versatile and durable choice for securing residential, commercial, or industrial gates.

Technical Specifications

- **Brand:** Locinox
- **Manufacturer Reference:** 60610493
- **Backset:** 40mm
- **Case Depth:** 57mm
- **Case Width:** 21mm
- **Faceplate Height:** 220mm
- **Faceplate Width:** 28mm
- **Screw Centres:** 180mm
- **Bolt Throw:** 21mm (hook throw)

Brand Profile

Locinox

Locinox is a Belgium-based specialist manufacturer of **gate and fence hardware**, best known in the trade for installer-friendly, high-durability components like **gate locks, hinges, gate closers, latches**, and **electro-mechanical access control** parts designed specifically for outdoor, weather-exposed gates. Their whole pitch is "make the gate hardware the least annoying part of the job," with products engineered for fast fitting, consistent adjustment, and long service life.

The company is headquartered in **Waregem, Belgium**, and traces its origins to **1988** (often described as "over 30 years" in gate tech). Locinox supplies into **70+ countries**, positioning itself as a trendsetter in the fencing/gate world rather than a generic ironmongery line.
