Specification Summary

Brand	Locinox
Product type	Gate Locks

Product Description

The LOCINOX LCPX Surface Mounted Gate Lock is a reliable and easy-to-install locking solution designed for gates with flat profiles. Featuring a robust design, this surface-mounted lock is ideal for securing various gate types and is suitable for gate frame sections of 10mm, 20mm, and 30mm thickness.

One of its key advantages is its non-handed design. The latch bolt is easily reversible from the outside, allowing it to be adapted quickly to suit both left and right-handed opening configurations. Installation is straightforward thanks to a secure 4-hole fixing method.

The lock is supplied with a euro cylinder and three keys (keyed to differ). Please note that fixing screws and keeps are not included and must be purchased separately to complete your installation.

Technical Specifications

- **Brand:** Locinox
- **Manufacturer Reference:** 606001 (L30701)
- **Finish:** Black
- **Width:** 90mm
- **Depth:** 30mm
- **Weight:** 1.44kg

Brand Profile

Locinox

Locinox is a Belgium-based specialist manufacturer of **gate and fence hardware**, best known in the trade for installer-friendly, high-durability components like **gate locks, hinges, gate closers, latches**, and **electro-mechanical access control** parts designed specifically for outdoor, weather-exposed gates. Their whole pitch is "make the gate hardware the least annoying part of the job," with products engineered for fast fitting, consistent adjustment, and long service life.

The company is headquartered in **Waregem, Belgium**, and traces its origins to **1988** (often described as "over 30 years" in gate tech). Locinox supplies into **70+ countries**, positioning itself as a trendsetter in the fencing/gate world rather than a generic ironmongery line.
