Specification Summary

Brand	Locinox
Product type	Gate Closer

Product Description

The LOCINOX Lion Hydraulic Gate Closer is a compact, versatile, and highly reliable self-closing solution designed specifically for outdoor pedestrian gates. Engineered to perform in the harshest environments, this hydraulic gate closer features a robust, powder-coated aluminium housing that is both scratch-resistant and corrosion-free.

With a maximum opening angle of 180°, the Lion comes complete with railsets to suit both 90° and 180° installation scenarios, providing outstanding flexibility on site. It is suitable for gates weighing up to 75kg and is fully non-handed, making it compatible with both left and right-handed gates.

One of its standout features is the patented temperature compensation system. Tested to operate flawlessly in temperatures ranging from -30°C to +70°C, it guarantees a constant, reliable closing speed that remains unaffected by changing weather conditions. Additionally, both the closing speed and the final snap (latching action) are fully adjustable, allowing you to customise the closing cycle to suit your specific security and noise requirements. Installation is quick and straightforward thanks to the innovative Quick-Fix mounting system.

Technical Specifications

- **Brand:** Locinox
- **Manufacturer Reference:** 6040033 (L30708)
- **Finish:** Black
- **Max Gate Weight:** 75kg
- **Maximum Opening Angle:** 180° (railsets included for 90° and 180° setups)
- **Operating Temperature Range:** -30°C to +70°C
- **Handing:** Non-handed
- **Housing Material:** Powder-coated aluminium
- **Weight:** 3.32kg
- **Guarantee:** 3 Year

Key Features

- **All-Weather Performance:** Patented temperature compensation system ensures a constant closing speed in extreme temperatures from -30°C to +70°C.
- **Flexible Installation:** Includes railsets for both 90° and 180° situations to suit various gate configurations.
- **Fully Adjustable:** Easily adjust both the closing speed and the final snap (latching action) for a secure, controlled close.
- **Quick-Fix Mounting:** Fast and secure installation with the innovative Quick-Fix system.
- **Durable Construction:** Scratch-resistant, corrosion-free powder-coated aluminium housing designed for long-lasting outdoor use.
- **Non-Handed Design:** Suitable for both left and right-opening gates.

Brand Profile

Locinox

Locinox is a Belgium-based specialist manufacturer of **gate and fence hardware**, best known in the trade for installer-friendly, high-durability components like **gate locks, hinges, gate closers, latches**, and **electro-mechanical access control** parts designed specifically for outdoor, weather-exposed gates. Their whole pitch is "make the gate hardware the least annoying part of the job," with products engineered for fast fitting, consistent adjustment, and long service life.

The company is headquartered in **Waregem, Belgium**, and traces its origins to **1988** (often described as "over 30 years" in gate tech). Locinox supplies into **70+ countries**, positioning itself as a trendsetter in the fencing/gate world rather than a generic ironmongery line.
