Specification Summary

Brand	Locinox
Product type	Gate Closer

Product Description

The LOCINOX Mammoth Hydraulic Gate Closer Kit is a heavy-duty, self-closing hinge system designed for gates weighing up to 150kg. This comprehensive kit comes complete with the matching Dino bearing hinge, providing an elegant and exceptionally smooth 180° opening and closing action.

Engineered to withstand the elements, the Mammoth features a patented Active Thermal System. This technology ensures a consistent closing speed that remains completely unaffected by temperature fluctuations, making the closer both rain and frost-proof. The robust, powder-coated aluminium housing offers excellent weather resistance and incorporates an anti-theft design to prevent tampering.

Highly versatile and user-friendly, the closer is fully adjustable in terms of closing speed, force, and final snap. It is also non-handed, making it easily reversible to suit both left-handed and right-handed gate applications. Tested to 500,000 movements and supplied with a 3-year manufacturer's guarantee, this kit is the ultimate reliable choice for high-traffic, heavy-duty gates.

Technical Specifications

- **Brand:** Locinox
- **Manufacturer Reference:** 604007
- **Part Number:** L30706
- **Finish:** Black
- **Max Gate Weight:** 150kg
- **Max Opening Angle:** 180°
- **Handing:** Non-handed (reversible)
- **Length:** 400mm
- **Width:** 100mm
- **Screw Centres:** 140mm
- **Weight:** 4.72kg
- **Tested to:** 500,000 cycles

Key Features

- Complete kit includes both the Mammoth hydraulic gate closer and the Dino bearing hinge

Brand Profile

Locinox

Locinox is a Belgium-based specialist manufacturer of **gate and fence hardware**, best known in the trade for installer-friendly, high-durability components like **gate locks, hinges, gate closers, latches**, and **electro-mechanical access control** parts designed specifically for outdoor, weather-exposed gates. Their whole pitch is "make the gate hardware the least annoying part of the job," with products engineered for fast fitting, consistent adjustment, and long service life.

The company is headquartered in **Waregem, Belgium**, and traces its origins to **1988** (often described as "over 30 years" in gate tech). Locinox supplies into **70+ countries**, positioning itself as a trendsetter in the fencing/gate world rather than a generic ironmongery line.
