Specification Summary

Brand	Locinox
Product type	Locinox

Product Description

The Locinox Modulec-SA (L34621) is a robust, surface-mounted electric gate strike designed to provide secure access control for external gates. Engineered for reliability and longevity, this high-quality keep has been tested for up to 500,000 operations and features a weather-resistant silver finish, making it ideal for demanding outdoor environments.

This version operates on a fail-locked (fail-secure) mechanism, ensuring the gate remains locked and secure during power interruptions. It offers an impressive holding force of up to 300kg (660lbs) of resistance against pressure on the latch bolt. Installation is exceptionally quick and simple thanks to the patented Locinox Quick-Fix hardware, which eliminates the need for complex gate preparation.

The Modulec-SA is highly adaptable, featuring a reversible design to suit both left and right-handed gates. It is fully adjustable to accommodate gate profiles ranging from 40mm to 60mm in depth and is designed to be easily interchangeable with standard Locinox SA keeps.

Technical Specifications

- **Brand:** Locinox
- **Manufacturer Reference:** 606417 (L34621)
- **Finish:** Silver
- **Fitting:** Surface mounted
- **Operation:** Fail Locked (Fail Secure)
- **Input Voltage:** 12V - 24V AC/DC
- **Holding Force:** 300kg (660lbs)
- **Gate Profile Compatibility:** 40mm to 60mm depth
- **Screw Centres:** 140mm
- **Handing:** Reversible (left or right hand)
- **Weight:** 1.4kg
- **Weather Resistant:** Yes

Key Features

- **Fail-Locked Security:** Keeps the gate securely locked in the event of a power failure.
- **Patented Quick-Fix System:** Ensures fast, easy, and secure surface mounting without complex preparation.
- **High Durability:** Tested for up to 500,000 cycles to guarantee long-term operational reliability.
- **Reversible Handing:** Easily adjusted on-site to suit both left and right-handed gate configurations.
- **Interchangeable Design:** Directly interchangeable with standard Locinox SA keeps for straightforward upgrades.
- **Robust Weather Resistance:** Built to withstand harsh outdoor conditions with a corrosion-resistant finish.

Brand Profile

Locinox

Locinox is a Belgium-based specialist manufacturer of **gate and fence hardware**, best known in the trade for installer-friendly, high-durability components like **gate locks, hinges, gate closers, latches**, and **electro-mechanical access control** parts designed specifically for outdoor, weather-exposed gates. Their whole pitch is “make the gate hardware the least annoying part of the job,” with products engineered for fast fitting, consistent adjustment, and long service life.

The company is headquartered in **Waregem, Belgium**, and traces its origins to **1988** (often described as “over 30 years” in gate tech). Locinox supplies into **70+ countries**, positioning itself as a trendsetter in the fencing/gate world rather than a generic ironmongery line.
