Specification Summary

Brand	Locinox
Product type	Gate Locks

Product Description

The LOCINOX SAKL Adjustable Keep is a highly durable, weather-resistant gate keep designed to suit a variety of metal, aluminium, and PVC gates. Constructed from robust stainless steel with a polyamide finish, this keep is engineered to withstand harsh outdoor conditions. It features an adjustable, extruded aluminium stop plate with an integrated rubber strip to dampen impact and reduce noise when the gate closes.

This versatile keep is fully adjustable to accommodate gate profiles ranging from 40mm to 60mm and is suitable for both rectangular and round profiles. Thanks to its non-handed design, it can be easily reversed to suit both left and right-handed gate applications. Installation is quick and secure using the innovative, patented Quick-Fix mounting system, ensuring a strong and reliable fit. Complete with a 3-year manufacturer's guarantee, it is the ideal partner for Locinox swing gate locks.

Brand Profile

Locinox

Locinox is a Belgium-based specialist manufacturer of **gate and fence hardware**, best known in the trade for installer-friendly, high-durability components like **gate locks, hinges, gate closers, latches**, and **electro-mechanical access control** parts designed specifically for outdoor, weather-exposed gates. Their whole pitch is "make the gate hardware the least annoying part of the job," with products engineered for fast fitting, consistent adjustment, and long service life.

The company is headquartered in **Waregem, Belgium**, and traces its origins to **1988** (often described as "over 30 years" in gate tech). Locinox supplies into **70+ countries**, positioning itself as a trendsetter in the fencing/gate world rather than a generic ironmongery line.
