Specification Summary

Brand	Locinox
Product type	Gate Closer

Product Description

The Locinox Tiger Hydraulic Gate Closer is a compact, high-performance self-closing hinge kit designed for outdoor gates. Supplied complete with the matching Puma bottom hinge, this dual-hinge system provides a sleek, aesthetic, and highly reliable solution for gates weighing up to 75kg.

Engineered specifically for outdoor use, the Tiger features a powder-coated aluminium housing and patented hydraulic damping. It operates flawlessly across a wide temperature range of -30°C to +70°C, ensuring a consistent closing speed that remains unaffected by changes in temperature or humidity. Both the closing speed and the final

snap (latching action) are fully adjustable to suit your specific requirements.

Installation is quick and straightforward thanks to the included patented Quick-Fix fittings. The non-handed design is easily reversible, making it suitable for both left-handed and right-handed gate applications. Tested to 500,000 cycles and conforming to RoSPA regulations, this durable gate closer is an excellent choice for residential, commercial, and public environments, such as playground gates.

Technical Specifications

- **Brand:** Locinox
- **Manufacturer Reference:** 604004 (L30707)
- **Finish:** Black
- **Maximum Gate Weight:** 75kg
- **Maximum Gate Width:** 1.1m
- **Opening Angle:** 180°
- **Operating Temperature Range:** -30°C to +70°C
- **Screw Centres:** 70mm
- **Length:** 25.6cm
- **Width:** 10.7cm
- **Weight:** 2.46kg
- **Handing:** Non-handed (reversible)
- **Tested Cycles:** 500,000 movements
- **Guarantee:** 3 years

Key Features

Brand Profile

Locinox

Locinox is a Belgium-based specialist manufacturer of **gate and fence hardware**, best known in the trade for installer-friendly, high-durability components like **gate locks, hinges, gate closers, latches**, and **electro-mechanical access control** parts designed specifically for outdoor, weather-exposed gates. Their whole pitch is "make the gate hardware the least annoying part of the job," with products engineered for fast fitting, consistent adjustment, and long service life.

The company is headquartered in **Waregem, Belgium**, and traces its origins to **1988** (often described as "over 30 years" in gate tech). Locinox supplies into **70+ countries**, positioning itself as a trendsetter in the fencing/gate world rather than a generic ironmongery line.
