Specification Summary

Brand	Locinox
Product type	Gate Locks

Product Description

The LOCINOX Vinci Surface Mounted Mechanical Digital Code Gate Lock is a robust and reliable security solution designed specifically for external gates. Featuring a fully mechanical code panel on both sides, this lock operates entirely without the need for batteries or electricity, making installation straightforward and maintenance-free. It is built to withstand harsh outdoor environments, featuring a solid stainless steel mechanism, durable aluminium

housing, and a protective polyamide rain and dust cover. Additionally, its ISO 9227 KTL / E-coated lock box has been tested to withstand 1000 hours of salt spray, ensuring exceptional weather and corrosion resistance.

This user-friendly gate lock allows for quick and simple code setup and modification, with an automatic code reset function that activates once the handle is pressed. It is fully reversible to suit both left- and right-handed gate configurations and is interchangeable with all standard Locinox locks. With 20mm of continuous adjustability, you can easily adjust the lock to ensure a perfect, secure close every time.

Technical Specifications

- **Brand:** Locinox
- **Mechanism:** Mechanical Digital
- **Buttons:** 11
- **Gate Thickness:** 40mm to 60mm
- **Width:** 92mm
- **Depth:** 31mm
- **Finish:** Black
- **Handing:** Non-handed (reversible)
- **Deadbolt Throw:** 23mm
- **Adjustability:** 20mm continuous adjustability
- **Weight:** 2.8kg

Brand Profile

Locinox

Locinox is a Belgium-based specialist manufacturer of **gate and fence hardware**, best known in the trade for installer-friendly, high-durability components like **gate locks, hinges, gate closers, latches**, and **electro-mechanical access control** parts designed specifically for outdoor, weather-exposed gates. Their whole pitch is “make the gate hardware the least annoying part of the job,” with products engineered for fast fitting, consistent adjustment, and long service life.

The company is headquartered in **Waregem, Belgium**, and traces its origins to **1988** (often described as “over 30 years” in gate tech). Locinox supplies into **70+ countries**, positioning itself as a trendsetter in the fencing/gate world rather than a generic ironmongery line.
