Specification Summary

Brand	Master Lock
Product type	Combination

Product Description

The Master Lock 1174D ProSeries® Open Shackle Combination Padlock is a high-security, weatherproof locking solution designed specifically for demanding commercial and industrial environments. Featuring a robust 58mm wide stainless steel body, this padlock offers exceptional resistance to harsh weather conditions and corrosion, making it ideal for securing gates, utility meters, and construction sites.

Security is enhanced by a deadlocking mechanism engineered to resist prying, shimming, and rap attacks. The padlock features a resettable 4-digit combination, providing up to 10,000 unique user-set codes without the need for a specialised reset tool. For reliable operation in challenging conditions, it is equipped with a protective shackle seal and dial dust cover to shield internal components from dirt and moisture. Additionally, the large ergonomic dials feature a blind dial design, allowing for easy operation even when wearing gloves or in low-light environments.

Technical Specifications

- **Brand:** Master Lock
- **Manufacturer Reference:** 1174D
- **Body Width:** 58mm

- **Body Material:** Stainless Steel
- **Shackle Diameter:** 8mm
- **Vertical Clearance:** 25mm
- **Shackle Finish:** Hardened Steel
- **Mechanism:** 4-Wheel Combination (10,000 differs)
- **Weight:** 400g
- **Pack Quantity:** 1

Key Features

- **ProSeries® Design:** Engineered specifically for heavy-duty commercial and industrial applications.
- **Corrosion Resistant:** Robust stainless steel body provides extreme weather protection.
- **Resettable Combination:** Set-your-own 4-digit combination with up to 10,000 possible codes.
- **No Tool Required:** Easily reset the combination without needing a specialised tool.
- **Attack Resistant:** Deadlocking mechanism protects against prying, shimming, and rap attacks.
- **Weather Protection:** Integrated shackle seal and dial dust cover shield internal components from the elements.
- **Ergonomic Dials:** Large dials with a blind dial feature for easy operation in low light or while wearing gloves.

Brand Profile

Master Lock

Master Lock is the classic American “padlock brand” - the one that’s been on job sites, school lockers, garage doors, and storage units for so long it’s basically part of the urban landscape. The company was founded in **1921** by locksmith-inventor **Harry Soref** in the Milwaukee area, built around his breakthrough **laminated steel padlock** design: strong, affordable, and mass-producible — the security industry’s equivalent of discovering fire, but with more rivets.

What they’re known for is broad “portable security” rather than door hardware:

- **Padlocks** (keyed, combination, weather-resistant, heavy-duty)
- **Lock boxes / key safes** (mechanical and Bluetooth variants for managed access)
- **Safes and security storage** (varies by market, often alongside their lockbox line)
- **Lockout/Tagout (LOTO)** safety products for industrial settings (a big part of their professional footprint)

Ownership / group: Master Lock is a subsidiary within **Fortune Brands Innovations**’ security portfolio (the same broader group that also houses other security brands).
