Specification Summary

Brand	Master Lock
Product type	Combination

Product Description

The Master Lock 175 Brass Open Shackle Combination Padlock series is designed to deliver keyless convenience and reliable security. Featuring a solid brass body for enhanced durability and weather resistance, these padlocks are ideal for securing sheds, garages, residential gates, and utility areas. The hardened steel shackle offers robust resistance against cutting and sawing, providing peace of mind for your outdoor and indoor security needs.

With a resettable 4-digit combination mechanism, you can easily set and change your own personalised code from 10,000 possible combinations using the included reset tool. This eliminates the hassle of carrying keys while maintaining restricted access.

This padlock is available in multiple configurations, offering a choice of vertical clearances (25mm or 57mm), weights (250g or 270g), and manufacturer references (175 or 175LH). Please select your preferred shackle clearance, weight, and model from the options below.

Technical Specifications

- **Body Width:** 51mm
- **Body Material:** Solid Brass
- **Shackle Material:** Hardened Steel
- **Mechanism:** 4-Wheel Combination (10,000 combinations)
- **Vertical Clearance:** 25mm or 57mm (please choose from the options below)

Brand Profile

Master Lock

Master Lock is the classic American “padlock brand” - the one that’s been on job sites, school lockers, garage doors, and storage units for so long it’s basically part of the urban landscape. The company was founded in **1921** by locksmith-inventor **Harry Soref** in the Milwaukee area, built around his breakthrough **laminated steel padlock** design: strong, affordable, and mass-producible — the security industry’s equivalent of discovering fire, but with more rivets.

What they’re known for is broad “portable security” rather than door hardware:

- **Padlocks** (keyed, combination, weather-resistant, heavy-duty)
- **Lock boxes / key safes** (mechanical and Bluetooth variants for managed access)
- **Safes and security storage** (varies by market, often alongside their lockbox line)
- **Lockout/Tagout (LOTO)** safety products for industrial settings (a big part of their professional footprint)

Ownership / group: Master Lock is a subsidiary within **Fortune Brands Innovations**’ security portfolio (the same broader group that also houses other security brands).
