Specification Summary

Brand	Master Lock
Product type	Key Safe

Product Description

The Master Lock Select Access Key Safe provides a secure, convenient way to store spare keys outside your home or business. Ideal for granting controlled access to children, relatives, care workers, or cleaners, it eliminates the need to hide keys under doormats or flowerpots.

Constructed with a solid, reinforced die-cast body, this key safe is built to withstand hammering and sawing. It features an easy-to-use, user-resettable 4-digit combination lock, offering keyless convenience and enhanced security. The integrated shutter door protects the combination dials from harsh weather, dirt, and grime, ensuring long-lasting outdoor performance.

This key safe is available in two sizes: Standard (5401EURD) and Large (5403E). Please select your preferred size and specifications from the options below.

Brand Profile

Master Lock

Master Lock is the classic American “padlock brand” - the one that’s been on job sites, school lockers, garage doors, and storage units for so long it’s basically part of the urban landscape. The company was founded in **1921** by locksmith-inventor **Harry Soref** in the Milwaukee area, built around his breakthrough **laminated steel padlock** design: strong, affordable, and mass-producible — the security industry’s equivalent of discovering fire, but with more rivets.

What they’re known for is broad “portable security” rather than door hardware:

- **Padlocks** (keyed, combination, weather-resistant, heavy-duty)
- **Lock boxes / key safes** (mechanical and Bluetooth variants for managed access)
- **Safes and security storage** (varies by market, often alongside their lockbox line)
- **Lockout/Tagout (LOTO)** safety products for industrial settings (a big part of their professional footprint)

Ownership / group: Master Lock is a subsidiary within **Fortune Brands Innovations**’ security portfolio (the same broader group that also houses other security brands).
