Specification Summary

Brand	Master Lock
Product type	Key Safe

Product Description

The Master Lock 5415EURD Select Access Key Safe is a robust and secure outdoor key storage solution. Constructed with a solid zinc body, this wall-mounted key safe is highly durable and engineered to withstand both hammer and saw attacks, making it ideal for safely storing spare keys for family, friends, or home care workers.

Equipped with a resettable 4-digit combination lock, it offers keyless convenience with up to 10,000 possible code combinations. The dials are angle-mounted for improved visibility and ease of use, while the dual locking levers provide superior resistance against pull attacks.

For reliable outdoor performance, the key safe features a protective plastic door that shields the combination dials from harsh weather, dirt, and grime, while also offering greater discretion. It is supplied with a mounting kit for straightforward, permanent wall installation.

Technical Specifications

- **Brand:** Master Lock
- **Model:** 5415EURD (Select Access)
- **Mechanism:** 4-wheel resettable combination
- **External Height:** 135mm
- **External Width:** 105mm
- **External Depth:** 46mm
- **Weight:** 1.37kg
- **Finish:** Zinc Plated
- **Mounting:** Wall-mounted (mounting kit included)

Brand Profile

Master Lock

Master Lock is the classic American “padlock brand” - the one that’s been on job sites, school lockers, garage doors, and storage units for so long it’s basically part of the urban landscape. The company was founded in **1921** by locksmith-inventor **Harry Soref** in the Milwaukee area, built around his breakthrough **laminated steel padlock** design: strong, affordable, and mass-producible — the security industry’s equivalent of discovering fire, but with more rivets.

What they’re known for is broad “portable security” rather than door hardware:

- **Padlocks** (keyed, combination, weather-resistant, heavy-duty)
- **Lock boxes / key safes** (mechanical and Bluetooth variants for managed access)
- **Safes and security storage** (varies by market, often alongside their lockbox line)
- **Lockout/Tagout (LOTO)** safety products for industrial settings (a big part of their professional footprint)

Ownership / group: Master Lock is a subsidiary within **Fortune Brands Innovations**’ security portfolio (the same broader group that also houses other security brands).
