Specification Summary

Brand	Master Lock
Product type	Key Safe

Product Description

The Master Lock 5425EURD Light Up 4-Dial Combination Key Safe provides a secure and convenient way to store household keys outdoors. It is an ideal solution for sharing access with family members, cleaners, carers, and gardeners, eliminating the need to hide keys under doormats or flowerpots.

This medium-duty, wall-mounted key safe features a durable metal body and a weather-resistant shutter door that protects the locking mechanism from the elements while offering greater discretion. The standout feature is its large, easy-to-read 4-dial combination lock, which lights up automatically when the weather cover is opened, ensuring effortless operation even in low-light or night-time conditions.

With a resettable combination mechanism, you can choose from 10,000 possible codes and change them as often as needed for optimal security. The unit is supplied complete with a mounting kit for permanent wall installation in a discreet location, as well as the required CR2032 batteries to power the illuminated dials.

Technical Specifications

- **Brand:** Master Lock
- **Manufacturer Reference:** 5425EURD
- **Mechanism:** 4-Wheel Combination
- **External Height:** 126mm
- **External Width:** 72mm
- **External Depth:** 52mm
- **Inside Height:** 106mm
- **Inside Depth:** 25mm
- **Battery:** 2 x CR2032 (included)
- **Finish:** Grey
- **Weight:** 540g

Brand Profile

Master Lock

Master Lock is the classic American “padlock brand” - the one that’s been on job sites, school lockers, garage doors, and storage units for so long it’s basically part of the urban landscape. The company was founded in **1921** by locksmith-inventor **Harry Soref** in the Milwaukee area, built around his breakthrough **laminated steel padlock** design: strong, affordable, and mass-producible — the security industry’s equivalent of discovering fire, but with more rivets.

What they’re known for is broad “portable security” rather than door hardware:

- **Padlocks** (keyed, combination, weather-resistant, heavy-duty)
- **Lock boxes / key safes** (mechanical and Bluetooth variants for managed access)
- **Safes and security storage** (varies by market, often alongside their lockbox line)
- **Lockout/Tagout (LOTO)** safety products for industrial settings (a big part of their professional footprint)

Ownership / group: Master Lock is a subsidiary within **Fortune Brands Innovations**’ security portfolio (the same broader group that also houses other security brands).
