Specification Summary

Brand	Master Lock
Product type	Open Shackle

Product Description

The Master Lock Pro Series 6230 is a heavy-duty, open shackle padlock designed specifically for demanding commercial and industrial applications. Featuring a robust solid steel body with chrome rustproofing, this padlock is built to withstand harsh environments and provide a long service life.

At its core is a high-security, rekeyable 6-pin cylinder equipped with spool pins, offering excellent resistance against lock picking. The padlock features a hardened boron alloy shackle that provides superior resistance to cutting and sawing, while its dual ball bearing locking mechanism effectively resists pulling and prying attacks. This model is supplied keyed to differ with two keys.

Technical Specifications

- **Brand:** Master Lock
- **Manufacturer Reference:** 6230 (6 Pin)
- **Body Material:** Solid Steel
- **Finish:** Chrome Plated
- **Shackle Diameter:** 11mm

- **Vertical Clearance:** 29mm
- **Horizontal Clearance:** 22mm
- **Mechanism:** 6 Pin Cylinder
- **Keying:** Keyed To Differ
- **Keys Supplied:** 2
- **Weight:** 700g

Key Features

- Robust solid steel body with chrome rustproofing for long-lasting durability
- Hardened boron alloy shackle provides superior resistance to cutting and sawing
- High-security, rekeyable 6-pin cylinder with spool pins is highly pick-resistant
- Dual ball bearing locking mechanism resists pulling and prying attacks
- Ideal for high-strength commercial and industrial applications

Brand Profile

Master Lock

Master Lock is the classic American “padlock brand” - the one that’s been on job sites, school lockers, garage doors, and storage units for so long it’s basically part of the urban landscape. The company was founded in **1921** by locksmith-inventor **Harry Soref** in the Milwaukee area, built around his breakthrough **laminated steel padlock** design: strong, affordable, and mass-producible — the security industry’s equivalent of discovering fire, but with more rivets.

What they’re known for is broad “portable security” rather than door hardware:

- **Padlocks** (keyed, combination, weather-resistant, heavy-duty)
- **Lock boxes / key safes** (mechanical and Bluetooth variants for managed access)
- **Safes and security storage** (varies by market, often alongside their lockbox line)
- **Lockout/Tagout (LOTO)** safety products for industrial settings (a big part of their professional footprint)

Ownership / group: Master Lock is a subsidiary within **Fortune Brands Innovations**’ security portfolio (the same broader group that also houses other security brands).
