Specification Summary

Brand	Mila
Product type	Letter Plate

Product Description

The MILA Sleek Letter Plate 40/80 is a high-quality letterbox designed to combine smart aesthetics with reliable, long-term operation. Featuring a modern, low-profile frame and flap design, it incorporates a concealed operating mechanism that maintains clean, subtle sightlines on the exterior of your door.

Both the internal and external flaps open fully to 180° without overstressing the springs, and the smart frame design prevents any abrasive rubbing against the flap during use. For added convenience, the letterbox features internal and external thumb access, making it exceptionally easy to open.

To ensure excellent weather protection, the letterbox utilises a combination of external foam seals and internal nylon brushes, which work together to maximise weather sealing and reduce drafts. It is supplied with a telescopic sleeve set, making it suitable for doors with a thickness of 40mm to 80mm.

This letterplate is available in a variety of finishes, weights, and manufacturer references to suit your specific door hardware requirements. Please choose from the available options below to select your preferred finish, weight, manufacturer reference, and barcode.
