Product Description

Get your spare or replacement Mul-T-Lock Garrison keys cut to code by the Master Locksmiths at Lock & Key Centre. We use only genuine Mul-T-Lock blanks to ensure a perfect, smooth fit and long-lasting performance for your Garrison 76 cylinder locks.

To order, simply enter the 7-digit code found on the plastic key card supplied with your lock. If you have lost your key card, we can still help - our team can decode your key from a clear, high-quality photograph.

Important Security Advice: For your peace of mind, we highly recommend having your newly cut keys delivered to an alternative address, such as your workplace or a trusted friend or family member. To maintain maximum security, all keys are shipped in secure packaging with absolutely no customer details or address information included inside the parcel.

IMPORTANT: DO NOT ORDER IF YOUR KEY HAS "835" ON IT. The keys will not work and you will still be charged. They are a unique profile registered to Trade Vehicle Locks and you will need to contact them.

Technical Specifications

- **Brand:** Mul-T-Lock
- **Key Series:** Garrison 76
- **Blank Type:** Genuine Mul-T-Lock blanks (stamped '76' on the blade)
- **Code Requirement:** 7-digit code (from key card) or high-quality photograph for decoding

Key Features

- **Genuine Blanks:** Cut using official Mul-T-Lock blanks for maximum reliability and lock longevity.
- **Professional Precision:** Cut to code by MLA-approved Master Locksmiths.
- **Alternative Decoding:** Can be replicated from a clear photograph if your original key card is lost.
- **Discreet Shipping:** Shipped with no internal invoice or address details to ensure your home security is never compromised.
- **Enhanced Security:** Recommended delivery to alternative addresses for peace of mind.

Brand Profile

Multlock

Mul-T-Lock (sometimes typed “Multlock”) is an Israeli high-security locking brand best known for **high-security cylinders**, **patented key systems**, and **mechanical + electromechanical access solutions** aimed at locksmiths, institutions, and commercial sites where key control and attack resistance actually matter.

- **Founded: 1973** in Israel (Mul-T-Lock states “founded in Israel in 1973”).
- **Ownership: Fully owned by ASSA ABLOY**; ASSA ABLOY completed the acquisition on **31 Jan 2000** (consolidated from 1 Feb 2000).

What it’s known for (the “why you’d stock it” bit)

- **High-security mechanical cylinders & keys** with strong key-control stories (patented platforms, restricted profiles, etc.).
- **Electromechanical upgrades** (turning “just a cylinder” into managed access) alongside classic mechanical master-keying for bigger sites.
- A big “locksmith channel” identity: Mul-T-Lock explicitly positions itself as a **locksmiths’ preferred partner**, with authorised centres and support tooling.

Tiny lore nugget

Their early growth story is tied to a “multi-directional / four-way” locking concept that helped launch the brand internationally, and later expansion into more advanced cylinder platforms.
