Product Description

The Mul-T-Lock MTL300 and Integrator TS007 3-Star Euro Thumb Turn Cylinder offers premium, insurance-approved security for your home or business. Serving as the upgraded successor to the popular Mul-T-Lock XP cylinder, this high-security lock features a reinforced steel bar that significantly enhances resistance against lock snapping and physical attacks.

Designed for ultimate convenience, the thumb turn allows you to lock and unlock your door from the inside without a key, whilst the external side remains highly secure. The MTL300 system utilizes a patented telescopic pin configuration, ensuring keys cannot be copied without presenting your unique security code card.

When ordering, please ensure you measure your cylinder correctly, starting from the internal face first (the first measurement listed in the options). Due to the integrated grip deflectors, a minor adjustment may be required during installation by filing a small channel inside the uPVC door prep to allow the cylinder to sit flush.

We can also key alike or master key this cylinder to other products in the Mul-T-Lock MTL300 and Integrator range. Please choose your required size and finish from the options below.

Technical Specifications

- **Standard**: BS EN 1303:2015 and TS007 3-Star accredited
- **Security Rating**: 3-Star BSI Kitemark
- **Cylinder Type**: Euro profile key and turn (thumb turn)
- **Key Protection**: Patented telescopic pin system (MTL300) with security card
- **Supplied Keys**: 2 keys per standard cylinder

- **Attack Resistance**: Anti-snap, anti-drill, anti-bump, and grip resistant

Key Features

- **TS007 3-Star Protection**: Maximum security rating providing complete peace of mind without needing high-security handles.
- **Advanced Anti-Snap Technology**: Features a reinforced steel bar and grip deflectors to prevent lock snapping and wrenching attacks.
- **Patented Key Security**: MTL300 keys are protected against unauthorised duplication, requiring the unique code card to cut extra keys.
- **Convenient Thumb Turn**: Allows quick, keyless exit from the inside of the property.
- **Customisable Options**: Can be keyed alike or master keyed to work with other MTL300 and Integrator locks.
- **Wide Range of Sizes**: Available in multiple size configurations to suit your specific door requirements.

Brand Profile

Multlock

Mul-T-Lock (sometimes typed “Multlock”) is an Israeli high-security locking brand best known for **high-security cylinders**, **patented key systems**, and **mechanical + electromechanical access solutions** aimed at locksmiths, institutions, and commercial sites where key control and attack resistance actually matter.

- **Founded: 1973** in Israel (Mul-T-Lock states “founded in Israel in 1973”).
- **Ownership: Fully owned by ASSA ABLOY**; ASSA ABLOY completed the acquisition on **31 Jan 2000** (consolidated from 1 Feb 2000).

What it’s known for (the “why you’d stock it” bit)

- **High-security mechanical cylinders & keys** with strong key-control stories (patented platforms, restricted profiles, etc.).
- **Electromechanical upgrades** (turning “just a cylinder” into managed access) alongside classic mechanical master-keying for bigger sites.
- A big “locksmith channel” identity: Mul-T-Lock explicitly positions itself as a **locksmiths’ preferred partner**, with authorised centres and support tooling.

Tiny lore nugget

Their early growth story is tied to a “multi-directional / four-way” locking concept that helped launch the brand internationally, and later expansion into more advanced cylinder platforms.
