Product Description

Get your replacement Mul-T-Lock Classic 06 keys cut to code with precision. As an official, authorised Mul-T-Lock centre, we only use genuine Mul-T-Lock key blanks to ensure the highest quality, reliability, and perfect operation

with your existing locks.

These high-security keys are typically supplied with a security card, featuring code ranges from AAAAA-11111 to DDDDD-55555. Simply enter your key code into the provided box and select the quantity you require. If you have misplaced your original code card, we can decode your key from a clear, high-quality photograph.

Important Ordering & Security Advice:

- **Check Your Key:** Please ensure your existing key has '06' stamped on the metal shaft before ordering.
- **Delivery Address:** To safeguard your property, we strongly recommend having your newly cut keys delivered to an alternative address (such as a workplace, friend, or family member) rather than the location where the locks are installed.
- **Discreet Packaging:** For your peace of mind, all keys are packaged and shipped discreetly without any customer details or address information enclosed inside the parcel.

Technical Specifications

- **Key Series:** Mul-T-Lock Classic (06 / 006)
- **Code Range:** AAAAA-11111 to DDDDD-55555
- **Key Blank:** Genuine Mul-T-Lock branded blanks
- **Identification:** '06' stamped on the metal shaft

Key Features

- **Official Mul-T-Lock Centre:** Cut by authorised specialists using genuine manufacturer blanks for guaranteed compatibility.
- **Precision Cut to Code:** Professionally cut using the code from your security card or decoded from a clear photograph.
- **Enhanced Security Delivery:** Shipped discreetly with no internal paperwork showing your address or customer details.
- **Flexible Ordering:** Easily order by entering your code online, with photo decoding available if your card is lost.

Brand Profile

Multlock

Mul-T-Lock (sometimes typed “Multlock”) is an Israeli high-security locking brand best known for **high-security cylinders**, **patented key systems**, and **mechanical + electromechanical access solutions** aimed at locksmiths, institutions, and commercial sites where key control and attack resistance actually matter.

- **Founded: 1973** in Israel (Mul-T-Lock states “founded in Israel in 1973”).
- **Ownership: Fully owned by ASSA ABLOY**; ASSA ABLOY completed the acquisition on **31 Jan 2000** (consolidated from 1 Feb 2000).

What it’s known for (the “why you’d stock it” bit)

- **High-security mechanical cylinders & keys** with strong key-control stories (patented platforms, restricted profiles, etc.).
- **Electromechanical upgrades** (turning “just a cylinder” into managed access) alongside classic mechanical master-keying for bigger sites.
- A big “locksmith channel” identity: Mul-T-Lock explicitly positions itself as a **locksmiths’ preferred partner**, with authorised centres and support tooling.

Tiny lore nugget

Their early growth story is tied to a “multi-directional / four-way” locking concept that helped launch the brand internationally, and later expansion into more advanced cylinder platforms.
