Specification Summary

Brand	Unknown
Product type	Rim Cylinders
Keyway	MTL300

Product Description

The Mul-T-Lock Integrator and MTL300 Rim Cylinders are high-quality replacement cylinders designed to suit most standard surface-mounted night latches. They are the ideal choice for residential or commercial properties requiring robust security, key copy control, or integration into a larger keyed-alike or master keyed system.

As the older 348E Integrator platform is now out of patent, all new orders will be supplied as the upgraded MTL300 version. The MTL300 is a patented high-security platform featuring a unique telescopic pin configuration built on a reliable pinning system. This advanced design provides excellent protection against common cylinder attacks and ensures strict key copy control.

These rim cylinders are highly versatile and can be built to work with other lock types in the same range, including euro cylinders, Scandinavian cylinders, oval cylinders, bullet locks, and threaded mortice locks. Standard orders are supplied with 2 keys and a security code card. For custom master keying requirements, please contact our team directly for advice and pricing.

Technical Specifications

- **Platform:** Mul-T-Lock MTL300 (upgraded from Integrator)
- **Cylinder Type:** Rim Cylinder (for night latches)

- **Pin System:** 7-pin system (six solid pins and one telescopic pin)
- **Patent Protection:** Patented platform (MTL300)
- **Keys Supplied:** 2 keys per cylinder
- **Security Card:** Included for key duplication control
- **Compatibility:** Suitable for standard surface-mounted night latches

Key Features

- **Upgraded Security:** Supplied as the patented MTL300 platform to protect against common cylinder attacks.
- **System Integration:** Can be keyed alike or master keyed to work with the entire Integrator/MTL300 range, including euro, oval, Scandinavian, bullet, and mortice locks.
- **Key Copy Control:** Keys can only be duplicated upon presentation of the unique security code card.
- **Versatile Replacement:** Ideal for upgrading existing night latch cylinders on residential or commercial doors.
- **Master Keying Available:** Custom master key suites can be built to order - please contact us for details.
