Is Cylinder

Product Description

The Mul-T-Lock MTL600 Interactive+ Euro Double Cylinder offers premier high-security protection for domestic and commercial doors. Building on Mul-T-Lock's proven technology, the MTL600 platform combines an advanced telescopic pin tumbler mechanism with a patented floating active element to deliver exceptional resistance against drilling, picking, and bumping.

These double cylinders are available in a wide range of overall sizes from 31x31mm up to 50x50mm, and in both Satin and Brass finishes to suit your door's dimensions and aesthetic. Please select your required size and finish from the options below.

Each cylinder is supplied with restricted, reversible keys and a unique key registration card. This ensures strict key control, as duplicate keys can only be cut by authorised dealers upon presentation of the card.

Technical Specifications

- **Platform:** Mul-T-Lock MTL600 (Interactive+)
- **Cylinder Type:** Euro profile double cylinder (key entry on both sides)
- **Mechanism:** Telescopic pin tumbler with patented floating active element
- **Sizes Available:** Range of options from 31x31mm to 50x50mm (choose below)
- **Finishes:** Satin and Brass (choose below)
- **Key Control:** Restricted key profile requiring a security card for duplication

- **Materials:** High-quality brass body and plug, steel cam, and nickel silver pins
- **Standards:** Designed to meet EN 1303 standards

Key Features

- **Patented Protection:** Utilises a unique telescopic pin configuration and active floating key element for advanced security.
- **Strict Key Control:** Coded security card prevents unauthorised key duplication, ensuring only registered owners can order spares.
- **Attack Resistant:** Engineered to offer high resistance against picking, drilling, and bumping.
- **Reversible Keys:** Supplied with user-friendly, reversible nickel silver keys for smooth, convenient operation.
- **Flexible Sizing:** Available in multiple sizes and finishes to perfectly match your door hardware (please select below).

Brand Profile

Multlock

Mul-T-Lock (sometimes typed “Multlock”) is an Israeli high-security locking brand best known for **high-security cylinders**, **patented key systems**, and **mechanical + electromechanical access solutions** aimed at locksmiths, institutions, and commercial sites where key control and attack resistance actually matter.

- **Founded: 1973** in Israel (Mul-T-Lock states “founded in Israel in 1973”).
- **Ownership: Fully owned by ASSA ABLOY**; ASSA ABLOY completed the acquisition on **31 Jan 2000** (consolidated from 1 Feb 2000).

What it’s known for (the “why you’d stock it” bit)

- **High-security mechanical cylinders & keys** with strong key-control stories (patented platforms, restricted profiles, etc.).
- **Electromechanical upgrades** (turning “just a cylinder” into managed access) alongside classic mechanical master-keying for bigger sites.
- A big “locksmith channel” identity: Mul-T-Lock explicitly positions itself as a **locksmiths’ preferred partner**, with authorised centres and support tooling.

Tiny lore nugget

Their early growth story is tied to a “multi-directional / four-way” locking concept that helped launch the brand internationally, and later expansion into more advanced cylinder platforms.
