Labels Locked	Yes

Order	Label	Placeholder	Required
0	5 LETTERS		Yes
1	5 NUMBERS		Yes

Product Description

Get high-quality, precise key cutting for your Mul-T-Lock MTL500 (also known as MT5) patented security keys. As an official Mul-T-Lock dealer, Lock & Key Centre cuts all replacement keys using genuine Mul-T-Lock key blanks,

ensuring perfect compatibility and smooth operation.

These high-security keys are widely used on secure doors and master keyed suites. If Lock & Key originally supplied your MT5 locks on a master key suite, you can easily order duplicate keys here using the engraved codes found on the key blade.

Important Ordering Information: To process your order, we require a clear photograph of your security card. Please email this to us once your order has been placed, as we cannot cut or supply these keys without verifying the card. The code required is a series of 5 letters and 5 numbers (for example: ABCDD 12344 or OP ABCDD IP 12344).

Technical Specifications

- **Key Brand:** Mul-T-Lock
- **Key Series:** MTL500 (MT5)
- **Blank Type:** Genuine Mul-T-Lock key blanks
- **Code Format:** 5 letters and 5 numbers (e.g. ABCDD 12344 or OP ABCDD IP 12344)
- **Security Requirement:** Photo of the security card must be emailed after ordering

Key Features

- **Official Dealer:** Cut by an official Mul-T-Lock dealer using genuine manufacturer blanks for maximum reliability.
- **High Security:** Designed for patented MTL500 / MT5 high-security doors and master keyed suites.
- **Easy Ordering:** Order using the engraved codes on the key blade if your master key suite was originally supplied by Lock & Key.
- **Enhanced Key Control:** Strict security verification process ensures keys are only cut upon receipt of a valid security card photo.

Brand Profile

Multlock

Mul-T-Lock (sometimes typed “Multlock”) is an Israeli high-security locking brand best known for **high-security cylinders**, **patented key systems**, and **mechanical + electromechanical access solutions** aimed at locksmiths, institutions, and commercial sites where key control and attack resistance actually matter.

- **Founded: 1973** in Israel (Mul-T-Lock states “founded in Israel in 1973”).
- **Ownership: Fully owned by ASSA ABLOY**; ASSA ABLOY completed the acquisition on **31 Jan 2000** (consolidated from 1 Feb 2000).

What it’s known for (the “why you’d stock it” bit)

- **High-security mechanical cylinders & keys** with strong key-control stories (patented platforms, restricted profiles, etc.).
- **Electromechanical upgrades** (turning “just a cylinder” into managed access) alongside classic mechanical master-keying for bigger sites.
- A big “locksmith channel” identity: Mul-T-Lock explicitly positions itself as a **locksmiths’ preferred partner**, with authorised centres and support tooling.

Tiny lore nugget

Their early growth story is tied to a “multi-directional / four-way” locking concept that helped launch the brand internationally, and later expansion into more advanced cylinder platforms.
