Brand	RGL
Product type	Accessory

Product Description

The RGL SSBC120 is a robust stainless steel protective cover designed to safeguard exit buttons from accidental activation, tampering, and harsh weather conditions. Ideal for both internal and external installations, this cover is particularly suited for protecting door entry and access control buttons in exposed outdoor environments.

Featuring an extra-deep 120mm enclosure, the SSBC120 ensures that the button remains easy to operate for users while preventing accidental or unwanted presses. The front of the cover features a highly durable, wear-resistant etched "EXIT BUTTON" legend, ensuring clear visibility and longevity even with frequent use. Constructed from high-quality stainless steel, it offers a clean, professional finish that blends seamlessly with modern access control setups.

Technical Specifications

- **Brand:** RGL
- **Manufacturer Reference:** SSBC120
- **Material:** Stainless Steel
- **Height:** 100mm
- **Width:** 100mm
- **Depth:** 120mm
