Specification Summary

Brand	Ronis
Product type	Nut Fix

Product Description

The RONIS 23710 Padlockable Latchlock is a practical, keyless locking solution designed specifically for steel lockers, cabinets, and personal storage units. By allowing users to secure the locker with their own padlock, it eliminates the administrative hassle of managing keys or combinations, making it an ideal choice for gyms, schools, workplaces, and public changing facilities.

Manufactured with a high-quality bright nickel finish, this 19.5mm body length camlock features a secure nut fixing for straightforward installation. It is designed to accept padlock shackles up to 7.5mm in diameter and operates with a smooth 90° clockwise movement.

Please note that padlocks are not included and must be purchased separately.

Technical Specifications

- **Brand:** Ronis
- **Manufacturer Reference:** 23710-DS4-L2-C3
- **Body Length:** 19.5mm
- **Body Diameter:** 19.1mm
- **Body Width:** 16.1mm
- **Head Diameter:** 34mm
- **Cam Height:** 30mm

Brand Profile

Ronis

RONIS is an industrial locking brand best known for the unglamorous-but-essential stuff that keeps the modern world closed: **cam locks, quarter-turn locks, enclosure locks, locker/furniture locks**, and other OEM-friendly locking components used in **electrical cabinets, switchgear, lockers, vending/utility enclosures, postal equipment, and industrial furniture**. It's the kind of brand you don't notice until a whole site can't open a cabinet, and then suddenly it's the main character.

Today, **RONIS is a brand within the DOM Security group** (often referenced as **DOM RONIS**), and it's positioned as one of the major players in **industrial locks and mechanical components** for manufacturers.

What RONIS is really about is **OEM / turnkey supply**: providing manufacturers with ready-to-integrate locking solutions rather than one-off "retail" locks. DOM's own positioning for DOM RONIS is explicitly **designing, manufacturing and marketing OEM security systems for industry** and delivering **turnkey solutions**.

On the product side, the brand is heavily associated with **robust cam lock families**—e.g., models like the RONIS **8800 / 32150 / 1710** ranges are described as cast, one-piece bodies aimed at durability and proven performance (the "this cabinet will be opened 12,000 times and nobody will lubricate it" design philosophy).
