Specification Summary

Brand	Ronis
Product type	Furniture Lock

Product Description

The RONIS 23900 Master Keyed Black Flush Fit Handle is a robust and reliable wafer flush-fitting square handle, commonly used on metal furniture, office storage, and lockers - including Bott and Elite lockers. Manufactured from high-quality black polyamide, this handle offers a durable and long-lasting locking solution with a clean, modern aesthetic.

Designed for convenience and efficiency, it features a snap-in clip fixing that allows for quick and straightforward installation. The lock operates on the CC key series, offering up to 2,000 differs, and is master-keyed to integrate seamlessly into new or existing master key systems. For maximum flexibility in daily use, the two supplied keys can be removed in both the locked and unlocked positions.

Technical Specifications

- **Brand:** Ronis
- **Manufacturer Reference:** 23900-D04-L9-C3-CC
- **Finish:** Black
- **Body Length:** 22mm
- **Body Diameter:** 84mm
- **Fixing Type:** Snap-in clip
- **Locking Mechanism:** Wafer
- **Key Series:** CC (Master Keyed)
- **Key Combinations:** 2,000 differs
- **Movement:** 90° Clockwise

Brand Profile

Ronis

RONIS is an industrial locking brand best known for the unglamorous-but-essential stuff that keeps the modern world closed: **cam locks, quarter-turn locks, enclosure locks, locker/furniture locks**, and other OEM-friendly locking components used in **electrical cabinets, switchgear, lockers, vending/utility enclosures, postal equipment, and industrial furniture**. It's the kind of brand you don't notice until a whole site can't open a cabinet, and then suddenly it's the main character.

Today, **RONIS is a brand within the DOM Security group** (often referenced as **DOM RONIS**), and it's positioned as one of the major players in **industrial locks and mechanical components** for manufacturers.

What RONIS is really about is **OEM / turnkey supply**: providing manufacturers with ready-to-integrate locking solutions rather than one-off "retail" locks. DOM's own positioning for DOM RONIS is explicitly **designing, manufacturing and marketing OEM security systems for industry** and delivering **turnkey solutions**.

On the product side, the brand is heavily associated with **robust cam lock families**—e.g., models like the RONIS **8800 / 32150 / 1710** ranges are described as cast, one-piece bodies aimed at durability and proven performance (the "this cabinet will be opened 12,000 times and nobody will lubricate it" design philosophy).
