Specification Summary

Brand	Schlage
Product type	Hasp & Staple

Product Description

The Schlage 855101 Vehicle Padlock Hasp is a heavy-duty security solution specifically engineered to protect commercial vehicles, vans, trucks, and trailers. Designed for high-risk locations, this robust hasp provides an extra layer of defence against forced entry, making it an ideal choice for fleet operators and tradespeople looking to secure valuable tools and cargo.

Constructed with a solid steel body and a corrosion-resistant silver finish, the hasp is built to withstand harsh weather conditions and daily wear. It features a hardened steel locking eye and a protective shroud, which work together to shield the padlock from prying, cutting, and sawing attacks. For maximum security, it is highly recommended for use with Schlage shackle-less padlocks (such as the Schlage 855156), creating a seamless, ultra-secure locking system.

Technical Specifications

- **Brand:** Schlage
- **Manufacturer Reference:** 855101
- **Part Number:** L14280
- **Finish:** Silver

- **Material:** Hardened steel
- **Dimensions:** 216mm x 114mm (8.5" x 4.5")
- **Weight:** 1.38kg
- **Pack Quantity:** 1

Key Features

- **High-Security Vehicle Protection:** Specifically designed for securing commercial vans, trucks, and trailers in high-risk environments.
- **Attack Resistant:** Hardened steel locking eye and protective shroud resist prying, cutting, and sawing attempts.
- **Weather Resistant:** Solid steel body with a durable silver finish ensures long-lasting performance in all weather conditions.
- **Shackle-less Padlock Compatibility:** Recommended for use with Schlage shackle-less padlocks to provide maximum protection.
- **Robust Construction:** Heavy-duty 1.38kg build provides a strong physical and visual deterrent to potential thieves.
