Product Description

The Schlage Primus S Orbis is a high-security key commonly used in master keyed systems. Designed as a restricted key system for the UK market, it provides an exceptional level of key control and physical security.

To have your key replicated, you will need to send your original key to us via recorded delivery. Once received, we will cut and ship your new key the same day, returning it to you the next working day. Please note that some of these keys must be externally sourced directly from the manufacturer, which can take between 3 and 5 working days to arrive.

Your replacement keys will feature your unique system number engraved on the fob, alongside a specific blade number (ranging from 01 to 10) stamped at the top of the blade.

Technical Specifications

- **Manufacturer:** Schlage
- **Key Series:** Primus S Orbis
- **Blade Markings:** Stamped at the top of the blade (01, 02, 03, 04, 05, 06, 07, 08, 09, or 10)
- **Fob Markings:** Engraved with your unique system number
- **Compatibility:** Replicated from an original physical key

Key Features

- **High-Security Duplication:** Professional key cutting service for restricted Schlage Primus S Orbis systems
- **Secure Process:** Requires the original key to be sent via recorded delivery for maximum security
- **Rapid Turnaround:** Same-day cutting and dispatch for standard blanks, with next-working-day return
- **Manufacturer Sourcing:** Access to factory-ordered keys for highly restricted profiles (3-5 working days)
- **Ideal for Master Key Systems:** Commonly used to maintain security in commercial and residential master key suites
