Specification Summary

Brand	Squire
Product type	Lever

Product Description

The Squire Old English padlock range (comprising the 220, 440, and 660 models) is renowned for its exceptional durability and reliability in the harshest outdoor environments. Unlike modern pin-tumbler padlocks that can easily seize when exposed to grit, the mechanically simple 4-lever design is highly tolerant of dirt, sand, mud, salt, and extreme weather. This makes them the ideal security choice for farms, park gates, allotments, sheds, garages, and

marine settings.

Each padlock features a robust galvanised steel body, a tough forged steel shackle, and a dedicated keyhole cover to keep out water and debris.

These padlocks are available in a range of body widths from 38mm to 64mm, shackle diameters from 7mm to 10mm, and can be supplied either Keyed Alike (ideal for multi-lock convenience) or Keyed To Differ. Please select your required size, keying option, and specifications from the options below.

Technical Specifications

- **Brand:** Squire
- **Mechanism:** 4 Lever
- **Body Material:** Steel
- **Body Finish:** Galvanised
- **Body Width:** 38mm, 50mm, or 64mm (please choose from the options below)
- **Body Thickness:** 14.5mm, 16.5mm, or 19.7mm (please choose from the options below)
- **Shackle Diameter:** 7mm, 8mm, or 10mm (please choose from the options below)
- **Horizontal Clearance:** 12mm, 18mm, or 21mm (please choose from the options below)
- **Vertical Clearance:** 11mm, 18mm, or 21mm (please choose from the options below)
- **Keying Options:** Keyed Alike or Keyed To Differ (please choose from the options below)
- **Packaging:** Available in Loose or Visi packaging (please choose from the options below)

Key Features

- **All-Weather Reliability:** Ideal for extreme outdoor, agricultural, and marine environments where standard padlocks might seize or jam.
- **Debris Protection:** Built-in keyhole cover protects the internal mechanism from rain, dirt, and dust.
- **Robust Construction:** Features a heavy-duty galvanised steel case and a forged steel shackle.
- **Simple, Proven Mechanism:** The 4-lever locking system offers dependable, long-lasting operation.
- **Versatile Options:** Available in multiple sizes and keying configurations to suit your specific security needs.

Brand Profile

Squire

Squire (formally **Henry Squire & Sons Ltd**) is one of the UK's oldest lockmakers — a heritage brand best known for **serious padlocks and chain security**, especially in the motorcycle, commercial, and site-security world. Squire's own history traces the business back to **1780**, when **William Squire** began making locks in **Willenhall** (the Black Country's lockmaking capital). They even supplied locks to the **British Army during the Napoleonic Wars**, which is a wildly specific flex that basically translates to: "we've been thinking about forced entry since muskets were a performance upgrade."

Operationally, the trading entity behind the brand is **Henry Squire & Sons Limited.**

What Squire is known for

Squire's modern identity is anchored in **high-security padlocks** and matching **hardened chains / accessories**, with the flagship line being **Stronghold®**. Their own "About" page calls out products like the **Stronghold SS100cs** as an ultra-high-security production padlock (Squire describe it as the world's strongest production padlock — not subtle, but neither is a 1kg lump of hardened steel).

A good example of how the brand positions itself in real-world standards:

- The **Squire SS65CS Stronghold** is independently listed by **Sold Secure** with **CEN Grade 6** and a **Powered Cycle Gold** rating, alongside features like hardened components and weather resistance.
