## Product Description

The Squire 555 Stainless Steel Old English Marine Padlock is a highly durable addition to Squire’s renowned Old English range of lever padlocks. Specifically engineered for harsh marine and coastal environments, this padlock features a rustproof stainless steel shackle and body casing, providing maximum resistance against extreme weather and wet conditions. It is ideal for securing boats, jet skis, beach huts, fishing gear, and harbour locations.

This padlock features a robust 4-lever mechanism with brass levers coated in electrophoretic nickel to prevent corrosion and ensure smooth operation. It is available in multiple keying options, including Keyed To Differ and various Keyed Alike suites (PEF1 to PEF12), which can be matched with the steel shackle 440 range. Please choose your preferred keying option and manufacturer reference from the options below. Each padlock is supplied with 2 keys and is backed by Squire's 10-year guarantee.

# Brand Profile

Squire

**Squire** (formally **Henry Squire & Sons Ltd**) is one of the UK's oldest lockmakers — a heritage brand best known for **serious padlocks and chain security**, especially in the motorcycle, commercial, and site-security world. Squire's own history traces the business back to **1780**, when **William Squire** began making locks in **Willenhall** (the Black Country's lockmaking capital). They even supplied locks to the **British Army during the Napoleonic Wars**, which is a wildly specific flex that basically translates to: "we've been thinking about forced entry since muskets were a performance upgrade."

Operationally, the trading entity behind the brand is **Henry Squire & Sons Limited.**

## What Squire is known for

Squire's modern identity is anchored in **high-security padlocks** and matching **hardened chains / accessories**, with the flagship line being **Stronghold®**. Their own "About" page calls out products like the **Stronghold SS100cs** as an ultra-high-security production padlock (Squire describe it as the world's strongest production padlock — not subtle, but neither is a 1kg lump of hardened steel).

A good example of how the brand positions itself in real-world standards:

- The **Squire SS65CS Stronghold** is independently listed by **Sold Secure** with **CEN Grade 6** and a **Powered Cycle Gold** rating, alongside features like hardened components and weather resistance.
