## Product Description

The Squire CP50 Series 50mm Steel Shackle Combination Padlock combines modern design, exceptional weather protection, and heavy-duty security. Featuring a robust 50mm die-cast alloy body with a dual-compound cover, this padlock is highly resistant to corrosion, making it ideal for outdoor use on gates, sheds, garages, vans, and lockups.

At its core is a recodable 4-wheel combination mechanism offering 10,000 possible codes, eliminating the need for keys. The wheels are spaced for easy operation, and a push-button spring-opening mechanism ensures quick, hassle-free access.

This versatile padlock is available in several configurations to suit your specific security needs. Choose from open, closed, or long shackle variants, with vertical clearances ranging from 22mm up to 100mm, and horizontal clearances of either 16mm or 22.6mm. Packaging options include boxed or visual (Visi) packs. Please select your preferred specifications from the options below.

## Technical Specifications

- **Body Width:** 50mm
- **Body Thickness:** 26mm
- **Shackle Diameter:** 8mm
- **Shackle Material:** Hardened steel
- **Mechanism:** 4-wheel combination (10,000+ combinations)
- **Finish:** Blue
- **Vertical Clearance:** 22mm to 100mm (please choose from the options below)
- **Horizontal Clearance:** 16mm to 22.6mm (please choose from the options below)
- **Shackle Type / Notes:** Open Shackle, Closed Shackle, or Long Shackle (please choose from the options below)
- **Packaging:** Boxed or Visi (please choose from the options below)
- **Weight:** 200g to 280g (please choose from the options below)

## Key Features

- **High Corrosion Resistance:** Die-cast alloy lock body with a dual-compound cover provides excellent weather protection.
- **Keyless Convenience:** Fully recodable 4-wheel combination mechanism with 10,000 possible code variations.
- **Easy Operation:** Spaced combination wheels and a push-button spring opening mechanism for quick access.
- **Robust Security:** Hardened steel 8mm diameter shackle and double locking mechanism for enhanced resistance to attack.
- **Versatile Applications:** Ideal for securing gates, vans, sheds, garages, lockers, and boats.

# Brand Profile

Squire

**Squire** (formally **Henry Squire & Sons Ltd**) is one of the UK's oldest lockmakers — a heritage brand best known for **serious padlocks and chain security**, especially in the motorcycle, commercial, and site-security world. Squire's own history traces the business back to **1780**, when **William Squire** began making locks in **Willenhall** (the Black Country's lockmaking capital). They even supplied locks to the **British Army during the Napoleonic Wars**, which is a wildly specific flex that basically translates to: "we've been thinking about forced entry since muskets were a performance upgrade."

Operationally, the trading entity behind the brand is **Henry Squire & Sons Limited.**

## What Squire is known for

Squire's modern identity is anchored in **high-security padlocks** and matching **hardened chains / accessories**, with the flagship line being **Stronghold®**. Their own "About" page calls out products like the **Stronghold SS100cs** as an ultra-high-security production padlock (Squire describe it as the world's strongest production padlock — not subtle, but neither is a 1kg lump of hardened steel).

A good example of how the brand positions itself in real-world standards:

- The **Squire SS65CS Stronghold** is independently listed by **Sold Secure** with **CEN Grade 6** and a **Powered Cycle Gold** rating, alongside features like hardened components and weather resistance.
