Specification Summary

Brand	Squire
Product type	Key Safe

Product Description

The Squire Key Keep 2 is a highly secure and durable outdoor key safe, designed to provide convenient access to your property without compromising on security. It is the ideal solution for holiday homes, rental properties, and domestic use, allowing trusted visitors such as carers, cleaners, tradespeople, or family members to gain entry safely.

Featuring a 12-button push-button combination lock, the Key Keep 2 offers over 4,000 possible code combinations. The code can be easily changed at any time, giving you full control over who has access. Its robust die-cast construction is designed to withstand physical attacks, while the integrated weather-resistant cover protects the lock mechanism from harsh outdoor conditions.

The key safe is designed for straightforward wall mounting and comes complete with four fixing bolts. Backed by a 10-year manufacturer's guarantee, it offers long-lasting peace of mind and reliable performance.

Brand Profile

Squire

Squire (formally **Henry Squire & Sons Ltd**) is one of the UK's oldest lockmakers — a heritage brand best known for **serious padlocks and chain security**, especially in the motorcycle, commercial, and site-security world. Squire's own history traces the business back to **1780**, when **William Squire** began making locks in **Willenhall** (the Black Country's lockmaking capital). They even supplied locks to the **British Army during the Napoleonic Wars**, which is a wildly specific flex that basically translates to: "we've been thinking about forced entry since muskets were a performance upgrade."

Operationally, the trading entity behind the brand is **Henry Squire & Sons Limited.**

What Squire is known for

Squire's modern identity is anchored in **high-security padlocks** and matching **hardened chains / accessories**, with the flagship line being **Stronghold®**. Their own "About" page calls out products like the **Stronghold SS100cs** as an ultra-high-security production padlock (Squire describe it as the world's strongest production padlock — not subtle, but neither is a 1kg lump of hardened steel).

A good example of how the brand positions itself in real-world standards:

- The **Squire SS65CS Stronghold** is independently listed by **Sold Secure** with **CEN Grade 6** and a **Powered Cycle Gold** rating, alongside features like hardened components and weather resistance.
