Specification Summary

Brand	Squire
Product type	Long Shackle

Product Description

The Squire Lion range of brass long shackle padlocks offers a superior level of security for both indoor and outdoor applications. Constructed with a solid brass lock body and a hardened steel shackle, these padlocks are designed to withstand tough conditions.

Featuring a thicker body section, a larger diameter shackle, and more key differs than the Squire Leopard range, the Lion series provides enhanced defence against tampering. The extended long shackle design provides extra clearance, making them highly versatile and particularly suitable for securing lockers, luggage, toolboxes, sheds, garages, gates, greenhouses, and boats.

These padlocks are available in multiple body widths, shackle diameters, and clearances, and can be supplied either Keyed Alike or Keyed To Differ. Please choose your preferred size, clearance, and keying options from the choices below.

Technical Specifications

- **Body Width:** 39.5mm or 51mm (please select from the options below)
- **Body Depth/Thickness:** 14mm or 15.5mm (please select from the options below)
- **Shackle Diameter:** 6mm or 8.8mm (please select from the options below)
- **Vertical Clearance:** 64mm or 65mm (please select from the options below)
- **Horizontal Clearance:** 22.5mm or 28mm (please select from the options below)
- **Weight:** 190g to 350g (please select from the options below)
- **Keying Options:** Keyed Alike or Keyed To Differ (please select from the options below)
- **Lock Mechanism:** 5-pin tumbler
- **Keys Supplied:** 2 keys per lock
- **Material:** Solid brass body with a hardened steel shackle

Key Features

- **Solid Brass Body:** Durable and corrosion-resistant construction suitable for indoor and outdoor use
- **Hardened Steel Long Shackle:** Offers superior resistance to cutting and sawing, with extra clearance for versatile locking
- **Enhanced Security:** Built with a thicker body section and larger shackle diameter than the Squire Leopard range
- **Double Locking Mechanism:** Features double locking on sizes 30mm and above for added protection
- **Highly Versatile:** Ideal for securing sheds, garages, gates, toolboxes, lockers, and boats

Brand Profile

Squire

Squire (formally **Henry Squire & Sons Ltd**) is one of the UK's oldest lockmakers — a heritage brand best known for **serious padlocks and chain security**, especially in the motorcycle, commercial, and site-security world. Squire's own history traces the business back to **1780**, when **William Squire** began making locks in **Willenhall** (the Black Country's lockmaking capital). They even supplied locks to the **British Army during the Napoleonic Wars**, which is a wildly specific flex that basically translates to: "we've been thinking about forced entry since muskets were a performance upgrade."

Operationally, the trading entity behind the brand is **Henry Squire & Sons Limited.**

What Squire is known for

Squire's modern identity is anchored in **high-security padlocks** and matching **hardened chains / accessories**, with the flagship line being **Stronghold®**. Their own "About" page calls out products like the **Stronghold SS100cs** as an ultra-high-security production padlock (Squire describe it as the world's strongest production padlock — not subtle, but neither is a 1kg lump of hardened steel).

A good example of how the brand positions itself in real-world standards:

- The **Squire SS65CS Stronghold** is independently listed by **Sold Secure** with **CEN Grade 6** and a **Powered Cycle Gold** rating, alongside features like hardened components and weather resistance.
