Specification Summary

Brand	Squire
Product type	SQUIRE Stronghold Steel Padlock Range
Keyway	Squire Stronghold Padlocks

Product Description

The Squire SS50S Stronghold Steel 6 Pin Open Shackle Padlock is a compact, high-security padlock designed to deliver market-leading performance in the most demanding environments. Engineered to resist determined physical attacks, this padlock is ideal for securing garages, warehouses, lorries, perimeter gates, trailers, and high-security doors.

Constructed with a 50mm solid hardened steel body and a 10mm hardened boron alloy steel shackle, the SS50S offers exceptional resistance against cutting, sawing, drilling, and picking. Its electrophoretic finish provides superior

corrosion resistance, having been salt-spray tested for over 200 hours to ensure reliable operation in harsh weather conditions.

The padlock features a high-security 6-pin cylinder offering over 250,000 key differs, and is designed with a key-retaining feature, meaning the key can only be withdrawn when the padlock is securely locked.

This padlock is available in multiple packaging options (Boxed or Visi) and weights (490g or 510g). Please select your preferred option from the choices below.

Technical Specifications

- **Body Width:** 50mm
- **Body Thickness:** 26mm
- **Shackle Diameter:** 10mm
- **Vertical Clearance:** 26mm
- **Horizontal Clearance:** 22mm
- **Cylinder System:** Squire Stronghold 6 Pin
- **Key Differs:** 250,000
- **Security Rating:** CEN Grade 4
- **Keys Supplied:** 2
- **Weight:** 490g - 510g (depending on packaging)

Key Features

- Solid hardened steel lock body for heavy-duty protection
- Hardened boron alloy steel shackle resists sawing and cutting
- High-security 6-pin rekeyable cylinder with over 250,000 differs
- Highly resistant to picking, drilling, sawing, and other forms of attack
- Electrophoretic finish provides over 200 hours of salt spray corrosion resistance
- Key-retaining design ensures the padlock is locked before key removal
- Available in Boxed or Visi packaging options (please select below)

Brand Profile

Squire

Squire (formally **Henry Squire & Sons Ltd**) is one of the UK's oldest lockmakers — a heritage brand best known for **serious padlocks and chain security**, especially in the motorcycle, commercial, and site-security world. Squire's own history traces the business back to **1780**, when **William Squire** began making locks in **Willenhall** (the Black Country's lockmaking capital). They even supplied locks to the **British Army during the Napoleonic Wars**, which is a wildly specific flex that basically translates to: "we've been thinking about forced entry since muskets were a performance upgrade."

Operationally, the trading entity behind the brand is **Henry Squire & Sons Limited.**

What Squire is known for

Squire's modern identity is anchored in **high-security padlocks** and matching **hardened chains / accessories**, with the flagship line being **Stronghold®**. Their own "About" page calls out products like the **Stronghold SS100cs** as an ultra-high-security production padlock (Squire describe it as the world's strongest production padlock — not subtle, but neither is a 1kg lump of hardened steel).

A good example of how the brand positions itself in real-world standards:

- The **Squire SS65CS Stronghold** is independently listed by **Sold Secure** with **CEN Grade 6** and a **Powered Cycle Gold** rating, alongside features like hardened components and weather resistance.
