Specification Summary

Brand	Squire
Product type	Laminated

Product Description

The Squire Stronglock 30 Series Laminated Long Shackle Padlock is a rugged, hard-wearing security solution designed for dependable, everyday protection. Featuring a durable laminated steel body and a hardened steel shackle, this padlock is ideal for securing sheds, garages, lockups, gates, toolboxes, lockers, vans, and outdoor storage areas.

Equipped with a reliable 4-pin tumbler mechanism, the Stronglock series provides dependable resistance against picking and tampering. The double-deadlocking design ensures robust holding power, while the extended long shackle offers the extra reach and flexibility needed for awkward locking points.

These padlocks are available in a range of body widths, shackle diameters, and clearances to suit your specific security requirements. Please choose your preferred size, packaging, and specification options from the selection below.

Technical Specifications

- **Brand:** Squire
- **Body Material:** Laminated steel
- **Shackle Material:** Hardened steel
- **Mechanism:** 4-pin tumbler
- **Keying:** Keyed to differ (special order master keyed options available)
- **Body Width:** 38mm to 50mm (please choose from the options below)
- **Body Thickness:** 23mm to 29mm (please choose from the options below)
- **Shackle Diameter:** 7mm to 9mm (please choose from the options below)
- **Vertical Clearance:** 64.4mm to 65mm (please choose from the options below)
- **Horizontal Clearance:** 16mm to 24mm (please choose from the options below)
- **Weight:** 240g to 482g (please choose from the options below)
- **Packaging:** Boxed or Visi (please choose from the options below)
- **Manufacturer Reference:** 35/2.5, 37/2.5, LS38 35/1.5, or LS64 39/2.5 (please choose from the options below)

Key Features

- **Extended Long Shackle:** Provides extra vertical clearance for securing larger or awkwardly positioned hasps, chains, and gates.
- **Laminated Steel Body:** Rugged, multi-layered steel construction offers excellent resistance against physical attack.
- **Hardened Steel Shackle:** Resists cutting and sawing attempts for enhanced security.
- **Double Deadlocking:** Secure locking mechanism provides extra protection against pulling and prying.
- **Versatile Security:** Perfect for securing sheds, garages, gates, lockers, toolboxes, and commercial storage areas.

Brand Profile

Squire

Squire (formally **Henry Squire & Sons Ltd**) is one of the UK's oldest lockmakers — a heritage brand best known for **serious padlocks and chain security**, especially in the motorcycle, commercial, and site-security world. Squire's own history traces the business back to **1780**, when **William Squire** began making locks in **Willenhall** (the Black Country's lockmaking capital). They even supplied locks to the **British Army during the Napoleonic Wars**, which is a wildly specific flex that basically translates to: "we've been thinking about forced entry since muskets were a performance upgrade."

Operationally, the trading entity behind the brand is **Henry Squire & Sons Limited.**

What Squire is known for

Squire's modern identity is anchored in **high-security padlocks** and matching **hardened chains / accessories**, with the flagship line being **Stronghold®**. Their own "About" page calls out products like the **Stronghold SS100cs** as an ultra-high-security production padlock (Squire describe it as the world's strongest production padlock — not subtle, but neither is a 1kg lump of hardened steel).

A good example of how the brand positions itself in real-world standards:

- The **Squire SS65CS Stronghold** is independently listed by **Sold Secure** with **CEN Grade 6** and a **Powered Cycle Gold** rating, alongside features like hardened components and weather resistance.
