Brand	Squire
Product type	Combination

Product Description

The Vulcan range of closed shackle combination padlocks by premium lock manufacturer Henry Squire & Sons Ltd offers heavy-duty, attack-resistant security without the need for keys. Designed with a dual-compound body featuring a diecast lock alloy core and a soft-feel cover in a blue and silver finish, these padlocks provide exceptional durability and resistance to forced entry. The hardened boron alloy steel shackle is fully concealed within the closed shackle body, protecting it against cropping and sawing attacks.

These padlocks are fully recodable, allowing you to easily set and reset your own code. Depending on the model selected, they feature either a 4-wheel mechanism (offering 10,000 combinations) or a 5-wheel mechanism (offering 100,000 combinations). They are highly weather-resistant and ideal for securing sheds, gates, and storage units.

These padlocks are available in multiple sizes and configurations. Please choose from the options below to select your preferred body width (40mm, 50mm, or 60mm), body depth (22mm to 32mm), shackle diameter (6mm to 10mm), and combination type (4-wheel or 5-wheel).

Technical Specifications

- **Brand:** Squire
- **Manufacturer Reference:** VULCAN COMBI 40CS, VULCAN COMBI 50CS, or VULCAN COMBI 60CS (please choose from the options below)
- **Body Width:** 40mm, 50mm, or 60mm (please choose from the options below)
- **Body Depth:** 22mm, 26mm, or 32mm (please choose from the options below)
- **Shackle Diameter:** 6mm, 8mm, or 10mm (please choose from the options below)
- **Horizontal Clearance:** 13mm, 15mm, or 22mm (please choose from the options below)
- **Vertical Clearance:** 17mm, 19mm, or 22mm (please choose from the options below)
- **Weight:** 137g, 313g, or 614g (please choose from the options below)
- **Combination Type:** 4 Wheel (10,000 combinations) or 5 Wheel (100,000 combinations) (please choose from the options below)
- **Material:** Steel body with hardened boron alloy steel shackle
- **Finish:** Blue & Silver
- **Weather Resistant:** Yes

Key Features

- **Closed Shackle Design:** Fully concealed shackle provides maximum protection against cropping, sawing, and forced attacks.
- **Keyless Convenience:** Fully recodable combination lock eliminates the need to carry keys.
- **High Security Combinations:** Choose between a 4-wheel mechanism with 10,000 possible codes or a 5-wheel mechanism with 100,000 possible codes.
- **Robust Construction:** Features a tough diecast alloy body and a hardened boron alloy steel shackle for superior strength.
- **Weather Resistant:** Highly durable and corrosion-resistant, making it ideal for outdoor use on sheds, gates, and storage units.
- **Squire 10-Year Guarantee:** Backed by a 10-year manufacturer's guarantee for peace of mind.

Brand Profile

Squire

Squire (formally **Henry Squire & Sons Ltd**) is one of the UK's oldest lockmakers — a heritage brand best known for **serious padlocks and chain security**, especially in the motorcycle, commercial, and site-security world. Squire's own history traces the business back to **1780**, when **William Squire** began making locks in **Willenhall** (the Black Country's lockmaking capital). They even supplied locks to the **British Army during the Napoleonic Wars**, which is a wildly specific flex that basically translates to: "we've been thinking about forced entry since muskets were a performance upgrade."

Operationally, the trading entity behind the brand is **Henry Squire & Sons Limited.**

What Squire is known for

Squire's modern identity is anchored in **high-security padlocks** and matching **hardened chains / accessories**, with the flagship line being **Stronghold®**. Their own "About" page calls out products like the **Stronghold SS100cs** as an ultra-high-security production padlock (Squire describe it as the world's strongest production padlock — not subtle, but neither is a 1kg lump of hardened steel).

A good example of how the brand positions itself in real-world standards:

- The **Squire SS65CS Stronghold** is independently listed by **Sold Secure** with **CEN Grade 6** and a **Powered Cycle Gold** rating, alongside features like hardened components and weather resistance.
