Specification Summary

Brand	Squire
Product type	Closed Shackle

Product Description

The Squire Warrior Closed Shackle Padlock is a heavy-duty, key-operated security solution designed to offer high resistance against forced attacks. Manufactured by premium British lock makers Henry Squire & Sons Ltd, this padlock features a solid armoured steel body and a hardened steel shackle, making it ideal for protecting valuable assets such as sheds, garages, gates, and bikes.

The closed shackle design conceals and shields the shackle within the lock body, making it extremely difficult to target with bolt cutters, saws, or other common attack methods. For added protection and ease of use, it features a protective soft-feel cover and a high-security 5-pin cylinder. To prevent accidental unlocking, the key can only be withdrawn when the padlock is fully locked.

This padlock is available in multiple sizes and specifications to suit your security requirements. Please choose from the options below to select your preferred body width (45mm or 65mm), body depth (26mm or 34mm), shackle diameter (8mm or 12mm), horizontal clearance (15mm or 23mm), vertical clearance (15mm or 25mm), weight (328g or 806g), barcode, and manufacturer reference (WARRIOR 45CS or WARRIOR 65CS).

Technical Specifications

- **Brand:** Squire
- **Manufacturer Reference:** WARRIOR 45CS or WARRIOR 65CS (please choose from the options below)
- **Body Width:** 45mm or 65mm (please choose from the options below)
- **Body Depth:** 26mm or 34mm (please choose from the options below)
- **Shackle Diameter:** 8mm or 12mm (please choose from the options below)
- **Horizontal Clearance:** 15mm or 23mm (please choose from the options below)
- **Vertical Clearance:** 15mm or 25mm (please choose from the options below)
- **Weight:** 328g or 806g (please choose from the options below)
- **Barcode:** 5012245035759 or 5012245035698 (please choose from the options below)
- **Material:** Armoured steel body with hardened steel shackle
- **Mechanism:** 5 Pin cylinder
- **Keying:** Keyed to differ
- **Keys Supplied:** 2 keys
- **Finish:** Blue & Silver
- **Weather Resistant:** Yes
- **Packaging:** Boxed

Key Features

- **Closed Shackle Design:** Concealed shackle provides maximum protection against cutting, sawing, and cropping attacks.
- **Armoured Steel Body:** Solid steel construction offers robust resistance to physical force, drilling, and picking.
- **Key-Retaining Security:** Key can only be withdrawn when the padlock is securely locked, preventing accidental leave-open.
- **Soft-Feel Cover:** Protective cover offers a comfortable grip and helps prevent scratches to surrounding surfaces.
- **Weather Resistant:** Built to withstand outdoor elements, making it ideal for external use.

Brand Profile

Squire

Squire (formally **Henry Squire & Sons Ltd**) is one of the UK's oldest lockmakers — a heritage brand best known for **serious padlocks and chain security**, especially in the motorcycle, commercial, and site-security world. Squire's own history traces the business back to **1780**, when **William Squire** began making locks in **Willenhall** (the Black Country's lockmaking capital). They even supplied locks to the **British Army during the Napoleonic Wars**, which is a wildly specific flex that basically translates to: "we've been thinking about forced entry since muskets were a performance upgrade."

Operationally, the trading entity behind the brand is **Henry Squire & Sons Limited.**

What Squire is known for

Squire's modern identity is anchored in **high-security padlocks** and matching **hardened chains / accessories**, with the flagship line being **Stronghold®**. Their own "About" page calls out products like the **Stronghold SS100cs** as an ultra-high-security production padlock (Squire describe it as the world's strongest production padlock — not subtle, but neither is a 1kg lump of hardened steel).

A good example of how the brand positions itself in real-world standards:

- The **Squire SS65CS Stronghold** is independently listed by **Sold Secure** with **CEN Grade 6** and a **Powered Cycle Gold** rating, alongside features like hardened components and weather resistance.
