Specification Summary

Brand	Squire
Product type	Combination

Product Description

The Squire Warrior Open Shackle Combination Padlock range offers high-security, keyless protection for your valuables, making them ideal for securing sheds, gates, bikes, and garages. Manufactured by the premium British lockmaker Henry Squire & Sons Ltd, these heavy-duty padlocks are engineered to resist aggressive physical attacks.

Each padlock features a robust armoured steel body with a die-cast internal mechanism, protected by a tactile, soft-feel weather-resistant cover. The hardened steel shackle provides excellent resistance against cutting, sawing, and cropping, while the internal mechanism is designed to resist picking and drilling. With a fully recodable combination mechanism, you can easily set and reset your own code, eliminating the worry of lost or stolen keys.

These padlocks are available in multiple configurations to suit your specific security needs. Please choose from the options below to select your preferred:

- **Body Width & Shackle Diameter:** Choose between a 55mm body width with a 10mm shackle, or a 65mm body width with a 12mm shackle.
- **Mechanism & Combinations:** Select either a 4-wheel mechanism (offering 10,000+ combinations) or a 5-wheel mechanism (offering 100,000+ combinations).
- **Clearance & Weight:** Horizontal clearances range from 23mm to 28mm, vertical clearances from 25mm to 30mm, and weights from 505g to 905g.
- **Packaging:** Available in Boxed or Visi packaging options.

Technical Specifications

- **Brand:** Squire
- **Body Width:** 55mm or 65mm (please choose from the options below)
- **Body Depth:** 34mm
- **Shackle Diameter:** 10mm or 12mm (please choose from the options below)
- **Horizontal Clearance:** 23mm or 28mm (please choose from the options below)
- **Vertical Clearance:** 25mm or 30mm (please choose from the options below)
- **Mechanism:** Combination (4 Wheel) or Combination (5 Wheel) (please choose from the options below)
- **Combinations:** 10,000+ or 100,000+ (please choose from the options below)

Brand Profile

Squire

Squire (formally **Henry Squire & Sons Ltd**) is one of the UK's oldest lockmakers — a heritage brand best known for **serious padlocks and chain security**, especially in the motorcycle, commercial, and site-security world. Squire's own history traces the business back to **1780**, when **William Squire** began making locks in **Willenhall** (the Black Country's lockmaking capital). They even supplied locks to the **British Army during the Napoleonic Wars**, which is a wildly specific flex that basically translates to: "we've been thinking about forced entry since muskets were a performance upgrade."

Operationally, the trading entity behind the brand is **Henry Squire & Sons Limited.**

What Squire is known for

Squire's modern identity is anchored in **high-security padlocks** and matching **hardened chains / accessories**, with the flagship line being **Stronghold®**. Their own "About" page calls out products like the **Stronghold SS100cs** as an ultra-high-security production padlock (Squire describe it as the world's strongest production padlock — not subtle, but neither is a 1kg lump of hardened steel).

A good example of how the brand positions itself in real-world standards:

- The **Squire SS65CS Stronghold** is independently listed by **Sold Secure** with **CEN Grade 6** and a **Powered Cycle Gold** rating, alongside features like hardened components and weather resistance.
