Brand	Sure24
Product type	Post Box

Product Description

The SURE24 Pyroflex Replacement FE-25 Extinguisher Tube is designed specifically for the SURE24 Slimline Anti Arson Post Box (MSSL90 / L30466). This replacement tube is an essential component for maintaining the fire-suppression capabilities of your anti-arson mailbox, providing reliable protection against arson and vandalism in smaller installations.

The Pyroflex tube is engineered to automatically release its FE-25 extinguishing agent upon detecting fire. In the event of a fire, the tube softens and bursts at its hottest point, releasing the gas directly into the heart of the fire to suppress it quickly and prevent it from spreading. To ensure your security system remains fully operational and effective, it is highly recommended to replace these extinguisher tubes every 5 years.

Technical Specifications

- **Brand:** Sure24
- **Manufacturer Reference:** MSSL90TUBE
- **Part Number:** L30467
- **Barcode:** 5056240111018

- **Diameter:** 8mm
- **Length:** 40cm
- **Weight:** 100g
- **Compatibility:** Designed to suit the SURE24 Slimline Anti Arson Post Box (L30466 / MSSL90)

Key Features

- **Automatic Fire Suppression:** Releases FE-25 extinguishing agent immediately upon detecting fire
- **Targeted Action:** Softens and bursts at the hottest point to deliver extinguishant directly to the source of the fire
- **Essential Maintenance:** Recommended replacement every 5 years to ensure continuous, reliable protection
- **Ideal for Small Installations:** Specifically sized to fit compact anti-arson mailboxes
