Product Description

The Thomas Glover Modular Fire Extinguisher Stand is a highly versatile, space-saving safety solution designed to accommodate all sizes of fire extinguishers. Featuring a smart, two-part flatpack design, this stand is incredibly easy to assemble and transport, making it an ideal choice for service engineers, offices, and commercial premises.

Its innovative modular construction allows for unlimited configurations, meaning you can easily link multiple stands together using the included clips to create a custom multi-extinguisher fire point. Manufactured from durable, high-impact polypropylene, the stand is built to withstand demanding environments. It also features a smooth, dedicated mounting site that perfectly accommodates standard portrait or landscape extinguisher ID signs.
