Specification Summary

Brand	Tricircle
Product type	Long Shackle

Product Description

The Tricircle 26 Series Brass Long Shackle Padlocks provide a dependable and versatile security solution for a wide range of applications. Constructed with a solid brass body, these padlocks offer excellent durability and natural resistance to corrosion, making them suitable for both indoor and outdoor use.

The standout feature is the extended long shackle, which provides additional clearance to secure awkwardly positioned items, gates, chains, and lockers where a standard shackle would not reach. For added protection against tampering, the shackle is made from hardened steel to resist cutting and sawing.

These padlocks are supplied keyed to differ and are boxed individually. They are available in multiple body widths, shackle diameters, and weights. Please choose your required size and specifications from the options below.

Technical Specifications

- **Brand:** Tricircle
- **Body Material:** Brass
- **Finish:** Brass
- **Shackle Material:** Hardened steel
